and fringed white margined petals	1/6	5/-	Giant Oriental, mixed	1/-	3/-	Tom Thumb, mixed, very dwarf ..	6d.	1/9
			Iceland, Coonara Pinks. A mixture			Good mixed	6d.	1/9
			of pink and salmon shades ..	9d.	2/6			

Shrubs and Trees

Most of our plants are grown in pots under hardy conditions, and can safely be transplanted to the open ground at almost any time of the year, provided that in dry weather a plentiful supply of water is available.

The heights that the various shrubs, etc., attain vary according to the different situations or conditions under which they are grown, so those given must be regarded as only approximate, allowance having also been made for varieties that should be pruned in Winter or shortened back after they have flowered.

Abbreviations: E.S., Evergreen Shrub; D.S., Deciduous Shrub (bare of foliage in Winter);
E.T., Evergreen Tree; D.T., Deciduous Tree.

ABELIA

- Longituba**, syn. **Schumannii**.—E.S., 3 ft. The flowers, which somewhat resemble a Pentstemon in shape, are a delicate pinkish-lavender colour .. 2/-
Rupestris, syn. **Chinensis**.—E.S., 4-5 ft. Rose and white; good for cutting .. 1/6 and 2/6
Uniflora.—E.S., 4 ft. Pale pink and white, deliciously scented .. 1/6

ABIES (Spruce Fir)

- Alba** (White Spruce).—E.T., 50 ft. .. 3/6
Douglasii (Oregon Fir).—E.T., 70 ft. .. 3/6
Excelsa (Norway Spruce).—E.T., 50 ft. .. 3/6
Menziesii (Menzies' Spruce).—E.T., 50 ft. .. 3/6

ABUTILON (Chinese Lantern)

- Aureum variegatum**.—E.S., 6 ft. Golden variegated foliage .. 1/6
Eclipse.—E.S., 6 ft. Orange, scarlet, and purple .. 1/6
Savitzii.—E.S., 4 ft. Green and white variegated foliage .. 1/3
Souvenir De Bonn.—E.S., 4-6 ft. The palmate green leaves are variegated with white. Flowers pale yellow, veined crimson .. 1/6
Sydney Belle.—E.S., 6 ft. Extra large yellow flowers .. 1/6
Vexillarium variegatum.—E.S., 4 ft. Small variegated leaves and small crimson and yellow flowers .. 1/6

ACACIA (Native Wattle)

- Baileyana** (Cootamundra Wattle).—E.T., 15 ft. Bright yellow .. 1/6
Dealbata (Silver Wattle).—E.T., 20 ft. Rich yellow .. 1/6
Decurrens.—E.T., 25 ft. Pale yellow .. 1/6
Elata (Peppertree Wattle).—E.T., 20 ft. Pale yellow .. 1/6
Elongata.—E.T., 15 ft. Bright yellow .. 1/6
Floribunda.—E.T., 12 ft. Yellow .. 1/6
Howittii.—E.S., 12 ft. Pale yellow .. 1/6
Longifolia (Coast Wattle).—E.T., 20 ft. Yellow .. 1/6
Melanoxylon (Blackwood Tree).—E.T., 40-60 ft. Pale yellow .. 1/6
Myrtifolia.—E.S., 4 ft. Yellow flowers .. 1/6
Normalis (Queen Wattle).—E.T., 20 ft. Yellow flowers .. 1/6
Podalyriaefolia.—E.T., 10 ft. Bright golden flowers .. 1/6
Prominens (Golden Rain Wattle).—E.T., 12 ft. Golden yellow .. 1/6
Pruinosa.—E.T., 15 ft. Yellow .. 1/6
Pulchella.—E.S., 5 ft. Golden flowers, fine foliage .. 1/6
Pycnantha (Golden Wattle).—E.T., 20 ft. Golden yellow .. 1/6
Saligna.—E.T., 15 ft. Weeping branches; rich yellow flowers .. 1/6
Spectabilis.—E.T., 8-10 ft. Golden flowers .. 1/6

ACER (The Maple)

- Negundo**.—D.T., 20 ft. The large three-lobed foliage turns bright yellow in Autumn .. 2/6 and 3/6
Negundo argenteum variegatum.—D.T., 10 ft. Green leaves prettily variegated with silvery white .. 3/6
Negundo aureo variegatum.—D.T., 15 ft. Handsome green foliage with golden variegation .. 3/6
Palmatum (Japanese Maple) **Osakazuki**.—D.S., 6 ft. Large palmate leaves, light maroon, changing to red in the Autumn .. 7/6
Palmatum Seedling Plants .. 1/6, 2/6, 3/6
Palmatum Seigen.—D.S., 6 ft. The bark turns bright red in Winter; lovely Autumn foliage .. 7/6
Pseudo platanus (Sycamore).—D.T., 20 to 30 ft. Large foliage, which is dark green above and glaucous beneath .. 2/6

ACMENA (see Eugenia)

ÆSCULUS

- Hippocastanum** (Horse Chestnut).—D.T., 30 ft. White .. 2/6
Rubicunda.—D.T., 30 ft. The red-flowered Horse Chestnut .. 3/6

AGATHEA (Blue Marguerite)—see Felicia

AGNOSTUS (see Stenocarpus)

AGONIS (Willow Myrtle)

- Flexuosa**.—E.T., 30 ft. White .. 1/6
Flexuosa variegata.—E.S., 8 ft. Of weeping habit, and foliage beautifully variegated. Highly recommended. Protect from frost. 15/-

AILANTHUS (Tree of Heaven)

- Glandulosa**.—D.T., 20 ft. Foliage tree .. 2/-

ALLSPICE TREE (see Calycanthus)

ALMONDS, FLOWERING (see Prunus)

ALOYSIA, syn. LIPPIA (Lemon-scented Verbena)

- Citriodora**.—D.S., 6 ft. Pale purple .. 2/-

AMELANCHIER (June-berry)

- Canadensis**.—D.S., 6 ft. White, crimson berries .. 2/-
Sanguinea.—D.S., 6 ft. Flowers white, berries dark, almost black. Foliage changes to Autumn shades .. 2/-

Abelia—Rupestris

AMYGDALUS (Flowering Almond) (see Prunus)

ANDROMEDA, syn. LEUCOTHE and PIERIS

Suitable only for growing in the cool hill country or in the shade of a bush house or other shelter from the hot sun.

- Catesbaei**.—E.S., 4 ft. White flowers and Autumn-shaded foliage. 3/6
Floribunda.—E.S., 5 ft. A beautiful hardy evergreen shrub producing dense racemes of pure white Lily of the Valley-like flowers. 3/6
Japonica.—E.S., 3 ft. White flowers in pendulous racemes. 2/6 and 3/6
Japonica variegata.—E.S., 3 ft. A rare small-growing variety, with leaves edged with creamy white, flushed at times with pink. 3/6
Speciosa (Zenobia).—D.S., 4 ft. Produces clusters of white flowers resembling giant Lily of the Valley bells; beautiful .. 3/6

ANGOPHORA (The Native Gum Myrtle)

- Lanceolata**.—E.T., 30-50 feet. An evergreen tree closely related to the Eucalypts, some of which it resembles. The coloration of the young foliage is very attractive. It makes a fine shelter tree. 1/6

ARALIA, syn. FATSIA

- Sieboldii**, syn. **Japonica**.—E.S., 3 ft. Ornamental plant; for verandahs, etc. .. 1/6

ARAUCARIA

- Excelsa** (Norfolk Island Pine).—E.T., 70-100 ft. .. 2/-

ARBUTUS (Strawberry Tree)

- Unedo** (Irish Strawberry).—E.S., 10 ft. White bell-shaped flowers and strawberry-like berries .. 1/6 and 2/6

ARUNDO (see Bambusa)

ASH, ENGLISH (see Fraxinus)

ASH, MOUNTAIN (see Pyrus aucuparia)

AUCUBA (Japanese Laurel)

- Japonica aurea variegata**.—E.S., 4 ft. Golden variegated foliage. 2/-

AUDIBERTIA

- Incana**.—E.S., 4 ft. Produces its Salvia-like pretty pale blue flowers in Winter .. 2/-

The flowers of *Abelia rupestris* and the bronzy bracts that follow are good for cutting.

Shrubs and Trees—continued.

AZALEAS

Plant in a shaded position and water freely in dry weather.

Price, 1/6 and 2/6 each, according to size.

- Baron N. de Rothschild.**—Purplish violet; double.
Charmer.—Bright amaranth, single.
Dame Melanie.—Deep rose, edged white, blotched carmine; single.
Deutsche Perle.—An early-flowering white variety; double.
Duc de Nassau.—Purplish rose, good grower, single.
Empress of India.—Deep salmon rose, blotched carmine and edged white; double.
Jubilee.—Rich crimson, frilled petals; double.
Mde. Van der Cruyssen.—Deep rose, blotched chocolate; good double.
Mde. Adolphe de Haene.—Pink, edged and blotched white; single.
Memoire de L. V. Houtte.—Bright rose, dark carmine blotch; double.
Mde. J. Vervaeke.—Pink and white; double.
Phœbus.—Salmon red; double.
President Comte O. de Kerchove.—Salmon, bordered white; double.
Professor Walters.—Pale rose and deep carmine; single.
Roi de Hollande.—Deep red; single.
Talisman.—Salmon pink, bordered white; semi-double.
Temperance.—Heliotrope colour; semi-double.

We can also supply many other varieties of Azaleas. A list of those available, with prices, on application.

AZARA

- Microphylla.**—E.T., 10–12 ft. Fern-like foliage 2/6

BÆCKIA (Micromyrtus)

- Pilcata.**—E.S., 2 ft. Small pale pink flowers, deepening to almost red as they mature 2/–

BAMBUSA (Bamboo)

- Donax variegata.**—E., 12 ft. White and green 2/–
Fortunei argentea variegata.—E.S., 1 ft. Small leaves, striped with white and green 2/–
Fortunei aurea variegata.—E.S., 1 ft. Golden variegated foliage. 2/–

BANKSIA (Native Honeysuckle)

- Ericifolia.**—E.S., 6 ft. A very ornamental shrub with heath-like foliage which thrives near the sea coast or in any well-drained soil, and produces in abundance long ornamental brown cone-like flowers 2/–

BARLERIA

- Cristata.**—E.S., 3 ft. Rich blue flowers 1/6

BEECH TREE (see Fagus)

BENTHAMIA FRAGIFERA (see Cornus capitata)

BERBERIS (The Barberry)

- Coryi.**—5 ft. An attractive semi-deciduous variety which produces its coral-red berries even on quite young plants and coloured foliage in the Winter 2/–
Darwinii.—E.S., 5–6 ft. Orange, recommended as one of our best shrubs 1/6
Rubrostila.—D.S., 5 ft. A variety that produces extra large red berries 1/6
Sargentiana.—E.S., 6 ft. Pale yellow flowers; large foliage, turning bronze and scarlet in the Winter 2/–
Taylorii.—D.S., 5 ft. Produces masses of wax-like red berries .. 1/6
Thunbergii.—D.S., 4 ft. Sprays of hanging yellow flowers; foliage and berries turn scarlet in Autumn 1/6
Thunbergii atropurpurea.—D.S., 3 ft. Beautiful purple foliage, yellow flowers, purplish-crimson berries 1/6
Vulgaris.—D.S. Yellow flowers, orange-red berries 1/6
Vulgaris purpurea.—D.S., 4–5 ft. Purple foliage, berries dull red. 1/6
Wilsonæ.—D.S. Yellow flowers, dense crops of coral berries .. 1/6

BETULA

- Alba** (Silver Bark Birch).—D.T., 30 ft. An ornamental and graceful hardy tree; the foliage turns bright yellow in the Autumn. 2/6, 3/6
Atropurpurea (The Purple-leaved Birch).—D.T., 20 ft. Similar habit to the white Birch, but the foliage is a purple shade .. 7/6
Pendula Youngii.—D.T., 15 ft. We know of no other plant that has such a pronounced weeping habit as this Birch, the slender branches reaching down to the ground 10/6
Pyramidalis (Upright Birch).—D.T., 20 ft. A very desirable white Birch of upright habit of growth 7/6
Urticæfolia (Cut-Leaf Birch).—D.T., 20 ft. A beautiful tree of upright growth; the serrated foliage resembles some varieties of the Japanese Maples 10/6

BIGNONIA (see Tecoma)

BLUE MARGUERITE (see Felicia)

BORONIA (Native Boronia)

- Megastigma.**—E.S., 3 ft. Brown and yellow; very sweet scented 2/– and 2/6

BOSEA (see Deeringa)

BOTTLEBRUSH (see Callistemon)

BOUVARDIA

- Humboldtii corymbiflora.**—E.S., 3 ft. White, sweet scented .. 2/

BRACHYCHITON (Sterculia)

- Acerifolia** (Flame Tree).—E.T., 20 ft. Scarlet flowers 1/6
Diversifolia, syn. **populneum** (Currajong).—E.T., 30 ft. .. 1/6

BRACHYSEMA (Pea Bush)

- Lanceolatum.**—E.S., 5 ft. Scarlet pea-shaped flowers 1/6

BROOM

For convenience, *Cytisus*, *Genista*, and *Spartium* are included under this heading.

- Ætensis** (*Genista*).—E.S., 8 ft. Bright yellow; foliage pendulous 2/–
Burkwoodii (*Cytisus*).—E.S., 5 ft. The flowers are brilliant Venetian red, shading to rose; growth upright 2/–
C. E. Pearson (*Cytisus*).—E.S., 4 ft. The keel is wallflower-red tipped old rose. Standard soft buff apricot with madder carmine reverse 2/–
Cornish Cream (*Cytisus*).—E.S., 4 ft. Colour creamy white with yellow keel; distinct and beautiful 2/–
Donard's Seedling (*Cytisus*).—E.S., 4 ft. Colour pink, with wings shaded carmine and orange; very effective 2/–
Dorothy Walpole (*Cytisus*).—E.S., 4 ft. Rich velvety crimson with rose-coloured standards; very striking 2/6
Dragonfly (*Cytisus*).—E.S., 5–6 ft. This tall-growing variety is very striking when in full bloom, colour crimson and yellow .. 2/–
Filipes.—E.S., 8 ft. The pendulous thread-like growth is covered in the Spring with fragrant white flowers 2/–
Floribunda "Hodginsii" (*Cytisus*).—E.S., 4 ft. Similar to "Lilac Time," except that the flowers are of a darker shade and it comes into flower earlier 2/–
Floribunda "Lilac Time" (*Cytisus*).—E.S., 4 ft. A quick-growing broom; flowers a lilac-pink colour 2/–
Florida, syn. **fragens** (*Genista*).—E.S., 5 ft. Golden yellow, sweetly-scented flowers 1/6
Juncum (spartium) (Spanish Broom).—E.S., 6 ft. Rich yellow. 1/6
Lord Lambourne (*Cytisus*).—E.S., 5 ft. The vivid contrast of scarlet crimson and pale cream is very attractive 2/–
Marie Burkwood (*Cytisus*).—E.S., 3½ ft. The standard is yellow, flushed rose; wing petals rich crimson lined with gold .. 2/–
Monosperma pendula alba (*Genista*) (White Weeping Broom).—E.S., 8 ft. Masses of small white flowers 2/–
Newry Seedling (*Cytisus*).—E.S., 4 ft. Colour cream, with an attractive rose-coloured keel 2/–
Scoparius Andreanus (*Cytisus*).—E.S., 4 ft. Crimson and yellow. 2/–

BRUGMANSIA (see Datura) (Trumpet Flower)

BUBIALO (see Myoporum)

BUDDLEIA

- Colvillei.**—E.S., 6 ft. Bright rose pink 2/–
Nanhoensis.—E.S., 5–6 ft. Best described as a dwarf form of *Veitchiana*; colour light lilac 2/–
Pink Pearl.—E.S., 6 ft. The colour is nearer to mauve than pink but is distinct from the other varieties that we offer 1/6
Salviafolia.—E.S., 8–10 ft. Pale lilac, scented; Winter-flowering. 1/6
Varibillis magnifica.—E.S., 8–10 ft. Dark violet 1/6
Varibillis Veitchiana.—E.S., 8–10 ft. Light violet 1/6

BUXUS (Box Tree)

- Sempervirens.**—E.S., 4 ft. Foliage plant for edging. Doz. 2/6
Sempervirens variegata.—E.S., 2 ft. Foliage plant .. each 1/6

CALLIANDRA, syn. INGA

- Portoricensis.**—E.S., 6–8 ft. The *Acacia*-like foliage closes in the evening while the sweetly-scented tassel-like white flowers open as the foliage closes and emit a delicious fragrance .. 2/–
Pulcherrima.—E.S., 6 ft. The tassel-like flowers are a rich scarlet colour 2/–

CALLISTEMON (Native Bottle Brush)

- Lanceolatus** (lance-leaved).—E.S., 6 ft. Rich scarlet flowers .. 1/6
Pallidus.—E.S., 8 ft. Attractive yellow flowers 1/6
Phœniceus (Large Red Bottle Brush of Western Australia).—E.S., 6 ft. 1/6
Rugulosus, syn. **Coccineus.**—E.S., 6 ft. Crimson 1/6
Speciosus.—E.S., 6 ft. Large rich red showy flowers 1/6

CALLITRIS, syn. FRENELA

- Cupressiformis** (Vict. Pine).—E.T., 30 ft. 1/6
Robusta (Murray Pine).—E.T., 30 ft. 1/6

CALODENDRON (Cape Chestnut)

- Capensis.**—E.T., 25 ft. Flowers white, with pink markings .. 2/6

CALYCANTHUS (Allspice Bush)

- Floridus.**—D.S., 5 ft. Reddish brown, fragrant flowers .. 2/–
Præcox.—D.S., 5 ft. Yellow with brown markings; fragrant .. 2/–

CALYTHRIX (The Grampians Fringe Myrtle)

- Sullivanii.**—E.S., 4 ft. White, star-shaped 2/–

CAMELLIA

- Double Japonica Varieties.**—E.S., 6–8 ft. Red, pink, white, striped, etc. .. Each, 3/6 and 5/–
Reticulata.—E.S., 6 ft. We have a limited supply of this rare and beautiful variety to offer, which is said to attain up to seven inches in diameter. The colour of the flowers, which are semi-double, is purplish rose. The large, broad petals are crinkled and undulated, and the clusters of golden anthers in the centre add to its attractiveness. Imported plants, £2/10/- and £3/3/- each.
Sasanqua Snowflake.—E.S., 5 ft. Produces in early Winter masses of semi-double white flowers 3/6
Sasanqua (Single Varieties).—E.S., 5 ft. White, flushed pink, and in shades of pink, Winter flowering 3/6
The Czar.—E.S., 6 ft. A glorious variety, the colour being carmine rose. The giant flowers, which are single, measure about five inches across, and are composed of thick, broad, overlapping, undulating petals. Projecting from the centre is a cluster of golden-tipped stamens. Young plants 10/6 each

Shrubs and Trees—continued.

- CAMPHORA** (see Cinnamomum)
CAPE CHESTNUT (see Calodendron capensis)
CAPE JASMINE (see Gardenia)
CAROB TREE (see Ceratonia)
CANTUA
Dependens.—E.S., 5-6 ft. Rosy-crimson Fuchsia-like flowers .. 1/6
CARPENTARIA
Californica.—E.S., 6 ft. White, fragrant flowers; beautiful .. 2/6
CARYOPTERIS (Blue Spiraea)
Mastacanthus.—D.S., 3 ft. Blue Spiraea-like flowers .. 1/6
CASSIA (Senna Bush)
Candolliana.—E.S., 6 ft. Yellow, Winter flowering .. 2/-
Floribunda.—E.S., 6 ft. Yellow flowers .. 1/6
CASUARINA (Native She-Oak)
Cunninghamiana (Fire Oak of Queensland).—E.T., 30 ft. .. 1/6
Huegelii.—E.T., 25 ft. Long, grass-like foliage .. 1/6
Stricta, syn. *quadrivalvis* (Coast She-Oak).—E.T., 30 ft. .. 1/6
Torulosa (Cassowary Tree).—E.T., 50 ft. Reddish flowers .. 1/6
CAVENDISHIA, syn. **THIBAUDIA**
Acuminata.—E.S., 4 ft. The red bell-shaped flowers are tipped green .. 2/6
CEANOTHUS
Aureus grandiflorus.—E.S., 6 ft. Beautiful blue flowers produced in great profusion .. 1/6
Edwardsii.—E.S., 6 ft. Compact growth with small shiny foliage and bright blue flowers. An improvement on Veitchianus .. 2/-
Marie Simon.—E.S., 4 ft. A free-flowering variety, producing masses of pink flowers .. 2/-
CEDRUS (The Cedar Tree)
Atlantica.—E.T., 50 ft. Silvery green foliage .. 2/6
Atlantica glauca.—E.T., 30 ft. The Blue Atlas Cedar. Makes a beautiful specimen tree. Silvery foliage on horizontal branches. .. 3/6
Deodara (Indian Cedar).—E.T., 50 ft. Fine specimen tree. .. 2/-
CEDRELA
Sinensis.—D.T., 15 ft. The handsome Ash-like foliage is bright pink in early Spring, changing to green in the Summer .. 3/6
CERASUS (see Laurocerasus)
CERATONIA (The Carob or St. John's Bread)
Siliqua.—E.T., 15 ft. Yellow. Thrives in hot districts .. 1/6
CERATOPETALUM (N.S.W. Christmas Tree)
Gummiferum.—E.T., 30 ft. Yellowish flowers, turning to rosy red as they age .. 2/6
CERATOSTIGMA
Willmottianum.—E.S., 2-3 ft. Produces clusters of deep blue flowers over a long season .. 1/6
CERCIS (The Judas Tree)
Canadensis.—D.T., 10 ft. Pretty pale rose-pink flowers .. 2/-
Siliquastrum.—D.T., 10 ft. Rosy purple .. 2/-
CESTRUM, syn. **HABROTHAMNUS**
Aurantiacum.—E.S., 6 ft. Orange-coloured flowers .. 1/6
Elegans.—E.S., 6 ft. Bright red flowers .. 1/6
CHAMÆLAUCIUM (Geraldton Wax Flower)
Uncinatum.—E.S., 5 ft. Pink flowers in profusion .. 3/6
Uncinatum alba.—E.S., 5 ft. Similar to the popular pink Geraldton Wax flower except in colour, which is waxy white .. 3/6
CHERRY, DOUBLE-FLOWERING (*Prunus serrulata*)
These delightful plants are easily grown, so should be planted freely where space permits. We can supply them in shades of dark and light pink, pure white, and white shaded pink .. 2/6
CHIMONANTHUS (see Calycanthus)
CHINESE LANTERN (see Abutilon)
CHOISYA (Mexican Orange Blossom)
Ternata.—E.S., 4 ft. White, scented flowers .. 1/6
CHORIZEMA (Flame Pea Bush)
Cordatum.—E.S., 3 ft. Orange and red .. 1/6
Illicifolium.—E.S., 4-6 ft. Yellow and red. Can be trained as a climber .. 1/6
CHRISTIA
Grandiflora.—E.S., 5 ft. Curiously formed yellow and red flowers. .. 2/-
CIGAR FLOWER (see Cuphea)
CINNAMOMUM (Camphor Tree)
Camphora.—E.T., 25 ft. Handsome tree with attractive foliage. .. 1/6
CISTUS (Rock Rose)
Brilliant.—E.S., 2 ft. The large rosy-red flowers are heavily blotched crimson maroon .. 2/6
Canescens.—E.S., 3 ft. Pink flowers .. 1/6
Crisp *Sunset*.—E.S., 2 ft. Free flowering; colour rosy pink .. 2/-
Ladaniferus.—E.S., 5 ft. The white crinkled petals are blotched maroon at base. It can be grown against a wall. .. 2/-
Silver Pink.—E.S., 2 ft. In the Spring and Summer clusters of pale pink flowers are produced .. 2/-

CLERODENDRON

Fragrans.—E.S., 5 ft. The deliciously scented blush-pink flowers have the appearance of a cluster of miniature roses. .. 2/-

CLETHRA (Lily of the Valley Tree)

- Arborea*.—E.S., 8 ft. White. The *Arborea* varieties have beautiful Lily of the Valley-like flowers .. 1/6
Arborea flore pleno.—E.S., 8 ft. The double-flowered Lily of the Valley bush. The attractive double waxy-white flowers are produced in pendulous racemes .. 2/-
Canescens.—D.S., 4 ft. Produces long panicles of fragrant white flowers .. 2/-

CLIANTHUS (New Zealand Glory Pea)

Puniceus.—E.S., 6 ft. Bright scarlet pea-shaped flowers .. 1/6

COLEONEMA (see Diosma)

COPROSMA

- Baueri*, syn. *lucida*.—E.S., 8-10 ft. Shining green foliage .. 1/6
Baueri variegata.—E.S., 3 ft. Attractive variegated foliage .. 2/-

CORAL TREE (see Erythrina)

CORCHORUS (see Kerria)

CORNUS (The Dogwood)

- Capitata*, syn. *Benthamia fragifera*.—E.T., 10 ft. Yellowish-red flowers, followed by large pink strawberry-like fruit .. 2/-
Nigra.—D.T., 8 ft. Noted for its highly-coloured foliage in Autumn. .. 1/6

CORONILLA (Scorpion Senna)

Emerus.—D.S., 5 ft. Yellow .. 1/6

CORYLUS (Purple-leaved Filbert)

Avellana atropurpurea.—D.S., 6 ft. Purple foliaged plant .. 2/6

CORYNOCARPUS (New Zealand Laurel)

- Lavigata*.—E.S., 12 ft. Green flowers, berries yellow .. 2/-
Lavigata aureo-marginata.—E.S., 6 ft. The leaves have a broad golden margin .. 2/6

COTONEASTER

- Dealsiana elegans*.—E.S., 3 ft. Graceful spreading and arching branches, producing coral-red berries in compact bunches .. 1/6
Franchetii.—E.S., 6 ft. Orange-red berries .. 2/-
Frigida.—E.S., 15 ft. A fast-growing evergreen, which, in Autumn and Winter, is laden with large clusters of crimson-berries, which hold for a long period .. 2/6
Horizontalis.—E.S., 5 ft. The fan-like branches become covered with bright red berries. This variety can be trained against a wall .. 1/6
Horizontalis perpusilla.—E.S., 2 ft. Bright red berries .. 2/-
Horizontalis variegata.—E.S., 1½ ft. A splendid variegated form of this popular variety. Its habit of growth is similar to the ordinary *horizontalis* variety, but the foliage is prettily variegated. .. 2/6
Microphylla.—E.S., 3 ft. Dull red berries; small foliage .. 1/6
Pannosa.—E.S., 6-8 ft. Produces an abundance of bright red berries in the Winter .. 1/6
Salicifolia.—E.S., 6 ft. Arching fan-shaped growth on which bright red berries are produced .. 1/6
Serotina.—E.S., 8 ft. Sealing-wax red berries, in clusters .. 1/6
Sinensis.—E.S., 4 ft. Bright red berries. Autumn foliage .. 1/6

CRATÆGUS (Deciduous Hawthorn) and **PYRACANTHA** (Evergreen Hawthorn)

- Angustifolia* (*Pyraecantha*).—6 to 10 ft. Produces masses of orange-coloured berries .. 1/6
Carrieri.—8-10 ft. White flowers, large red berries in Winter .. 2/-
Coccinea (*Pyraecantha*).—4 ft. Orange-yellow berries .. 1/6
Coccinea Lalandii (*Pyraecantha*) (The Fiery Thorn).—E.S., 6-8 ft. Attractive red berries .. 1/6
Cordata (Washington Thorn).—8-10 ft. Flowers white, followed by scarlet berries. The foliage, which is heart-shaped, turns to Autumn tints in the fall of the year .. 2/-
Crenulata (*Pyraecantha*).—6-8 ft. White flowers, followed by masses of small scarlet berries .. 1/6
Mexicana.—8 ft. Large white flowers, succeeded by large yellow berries .. 2/-
Oxyacantha Double Crimson.—D.S., 8 ft. Colour pinkish red .. 2/-
Oxyacantha Double Pink.—D.S., 8 ft. Double pale pink .. 2/-
Oxyacantha Double White.—D.S., 8 ft. Double white flowering Hawthorn .. 2/-
Oxyacantha punica.—D.S., 8 ft. Colour pinkish red .. 2/-
Rogersiana flava (*Pyraecantha*).—E.S., 6 ft. Covered from Autumn to Winter with beautiful golden yellow berries .. 2/-
Smithiana.—Semi-evergreen, 12-15 ft. Bright shining red berries; foliage turns to Autumn shades .. 2/6
Tanacetifolia.—8 ft. White flowers, large yellow berries .. 2/6
Yunnanensis (*Pyraecantha*).—5 ft. Small scarlet berries, prostrate habit of growth .. 1/6

CRIMSON-FLOWERED GUM (see Eucalyptus ficifolia)

CROTALARIA (Bird Flower)

- Laburnifolia*.—E.S., 6 ft. Greenish-yellow bird shaped flowers. Very interesting. Winter flowering .. 2/-

Shrubs and Trees—continued.

CRYPTOMERIA (Japanese Cedar)

- Elegans viridis*.—E.T., 15 ft. Unlike *C. elegans* and *C. elegans plumosa*, this variety retains its green colour throughout the year. 2/6
Japonica.—E.T., 50 ft. Has the appearance of a Norfolk Island Pine 2/-
Japonica elegans.—E.T., 15 ft. Dense bushy growth, foliage turns bronze in winter 3/6
Japonica elegans plumosa.—E.T., 15 ft. Of a more drooping habit than *elegans* 3/6

CUPHEA (Cigar Plant)

- Jorullensis*.—E.S., 2 ft. Orange and red .. 1/6
Platycentra.—E.S., 2 ft. Red and black .. 1/6

CUPRESSUS (The Cypress) (Evergreen)

- Arizona*.—30 ft. Glaucous foliage .. 2/6
Brunniana aurea.—15 ft. Golden foliage .. 3/6
Funebris (Chinese Mourning Cypress).—50 ft. 2/-
Lambertiana aurea pendula.—15 ft. Golden weeping form .. 3/6
Lambertiana erecta aurea.—10-12 ft. The foliage is rich golden yellow 3/6
Lambertiana horizontalis.—60-80 ft. True spreading variety. See also Hedge Plants 3/6, 5/-, 7/6 upwards
Lambertiana horizontalis aurea (Golden Spreading Cypress).—25 ft. 3/6
Lawsoniana.—25 ft. A beautiful Conifer of pyramidal form. 2/-, 2/6, 3/6, 5/-, and 7/6
Lawsoniana alumii.—15 ft. Handsome bluish-grey foliage; pyramidal growth 3/6
Lawsoniana argentea compacta.—3-4 ft. A dwarf-growing variety of very compact habit with attractive silvery-grey foliage; one of the best for small specimens 3/6
Lawsoniana erecta viridis.—4-5 ft. Columnar habit, bright green foliage 3/6
Lawsoniana Fletcherii.—5 ft. A lovely glaucous Conifer which is similar in colour and growth to *Retinospora leptoclada*. Forms a perfect glaucous-blue feathery pyramid of 4 to 5 feet 3/6
Lawsoniana lutea.—12 ft. Golden foliage, very handsome tree 3/6
Lawsoniana nana erecta aurea.—4 ft. This is a very handsome dwarf-growing conifer making a very symmetrical pyramid-shaped plant about 4 feet high with attractive golden foliage. Although all golden-foliaged conifers require a certain amount of sun to retain their golden foliage, they will not stand fierce hot north winds without scorching. Small plants 3/6
Lawsoniana Olbrickii.—4 ft. The habit of growth is globular, a very attractive variety with rich green foliage 3/6
Macrocarpa, syn. *Seedling Lambertiana*.—60-80 ft. 1/- ea.; 9/- doz.
Sempervirens stricta (Roman Cypress).—30 ft. 1/6, 2/6, 3/6, 5/-, 7/6 upwards
Torulosa.—60 ft. Pyramidal growth (see also Hedge Plants). 2/6, 3/6, 5/- upwards

CURRAJONG (see *Brachychiton*)

CYATHODES

- Acerosa* (The Tasmanian Pink Berry).—E.S., 3 ft. A dwarf heath-like shrub which is very attractive in Winter when covered with a dense mass of bright rose-pink flowers. Thrives in poor, stony, or loose soil. Does best in cool districts .. 2/6

CYDONIA (CHÆNOMALES) (*Pyrus Japonica*)

- Japonica*.—D.S., 4 ft. Scarlet, the well-known variety .. 2/-
Japonica Columbia.—D.S., 3 ft. Orange red .. 2/-
Japonica Guajardi.—D.S., 4 ft. Rosy red .. 2/-
Japonica nivalis.—D.S., 4 ft. White .. 2/-
Japonica rosea.—D.S., 5 ft. Rose pink .. 2/-
Japonica salmonea.—D.S., 2 ft. Salmon rose .. 2/-
Japonica umbilicata.—D.S., 4 ft. Rich red .. 2/-
Maulei.—D.S., 2 ft. Brick red .. 2/-
Simonsii.—D.S., 2 ft. Dark crimson .. 2/-
Winter Cheer.—D.S., 4 ft. Bright orange scarlet .. 2/6

CYTISUS (see Broom)

DACRYDIUM

- Cupressinum*.—E.T., 15-20 ft. The Rimu or Red Pine. A tall, graceful tree with attractive pendant branches .. 2/6

DAPHNE

- Odora rubra*, syn. *Indica rubra*.—E.S., 3 ft. Colour, red and white, deliciously perfumed .. 2/6, 3/6, 5/- upwards

DATURA (Trumpet Flower), syn. BRUGMANSIA

- Knightii*.—E.S., 6 ft. White, sweetly-scented trumpet-shaped flowers. Protect from frost .. 2/-

DEERINGA, syn. BOSEA

- Amherstii variegata*.—E.S., 5 ft. Pretty variegated foliage .. 2/-

DEUTZIA

- Crenata magnifica*.—D.S., 5 ft. Produces in great profusion single white flowers. 1/6
Crenata variegata.—D.S., 4 ft. Single white, variegated foliage. 2/-
Gracilis.—D.S., 2 ft. Single white flowers .. 1/6
Gracilis rosea.—D.S., 2 ft. Single rose flowers .. 1/6
Lemoinei.—D.S., 3 ft. Single white flowers .. 1/6

DIERVILLA (see *Weigela*)

DIMORPHOTHECA (Cape Marigold)

- Eklonis*.—E.S., 3 ft. White, purple centre. Very pretty .. 1/6

DIOSMA (The Breath of Heaven)

- Alba* (*Coleonema Album*).—E.S., 3 ft. Small white flowers. 1/6 and 2/-
Complexa.—E.S., 1½ ft. A very pretty shrub which is dwarf and compact. It produces a mass of rosy-mauve flowers in the Spring. 2/-
Pulchrum.—E.S., 3 ft. Fine foliage and small deep pink flowers. 2/-

DIPLACUS

- Glutinosus puniceus*.—E.S., 4 ft. Orange-coloured flowers .. 1/6
Mrs. A. Scholes.—E.S., 3 ft. Deep crimson, like *Monkey Musk*. 1/6

DOMBEYA (Natal Wedding Flower)

- Natalensis*.—E.S., 6 ft. White flowers turning brown .. 2/-

DORYANTHES (Queensland Lily)

- Palmeri*.—E.S., 6 ft. Red and white .. 1/6

DURANTA

- Ellisia*.—E.S., 6 ft. Deep lavender flowers .. 1/6
Plumieri.—E.S., 6 ft. Deep blue flowers .. 1/6
Plumieri alba.—E.S., 6 ft. White flowers .. 1/6

ECHIUM

- Candicans* (Elephant's Trunk Flower).—E.S., 3 ft. Very large spiral spikes of purplish blue flowers; very showy .. 1/6

EDWARDSIA (see *Sophora*)

ELÆAGNUS

- Japonica variegata*.—E.S., 8 ft. Attractive variegated foliage .. 2/-

Datura (Brugmansia) Knightii

ELDERBERRY (see *Sambucus*)

ELMS (see *Ulmus*)

ENGLISH ASH (see *Fraxinus*)

ENGLISH JASMINE (see Climbing Plants)

ENGLISH OAK (see *Quercus*)

ENKIANTHUS

- Campanulatus*.—E.S., 4 ft. Very effective, with greenish white tinged with red; waxy, bell-shaped flowers in early Spring. The foliage turns orange yellow in the Autumn. Grow in a lime-free soil in a cool situation .. 7/6

ERICA (The Heath) E.S.

- Autumnalis*.—2 ft. Deep rose pink .. 1/6
Autumnalis rosea.—2 ft. Masses of pink flowers .. 1/6
Baccans.—3 ft. Rose-pink bell-shaped flowers .. 1/6

Shrubs and Trees—continued.

ERICA—continued

- Codonodes**.—5 ft. Produces masses of small white bell-shaped flowers in Winter. This variety is dyed pink and other colours, and sold in large quantities by the florists when flowers are scarce in the Winter .. 1/6
- Crunata**.—3 ft. Orange scarlet .. 1/6
- Dawn**.—3 ft. A very attractive variety with silvery-rose bell-shaped flowers .. 1/6
- Hybrida**.—4 ft. Produces long spikes of light red flowers .. 1/6
- Lavender Tubes**.—A fine Winter-flowering variety with lavender-pink flowers .. 1/6
- Linnaeoides**.—3 ft. Purplish rose .. 1/6
- Mackinnoniana**.—3 ft. Purplish rose .. 1/6
- Mammosa**.—3 ft. Purplish crimson .. 1/6
- Melanthera**.—4 ft. Purple flowers. A beautiful Winter-flowering variety .. 1/6
- Multiflora Daviesii** (The Pearl Bush).—E.S., 3 ft. One of the best varieties grown. Small mauve-pink flowers like pearls, produced so profusely that the foliage is completely hidden .. 1/6
- Tetralix alba**.—2 ft. White .. 1/6
- Webbleyana**.—4 ft. Waxy pink .. 1/6

ERIOSTEMON (Native Waxflower)

- Myoporoideis**, syn. **nerifolium**.—E.S., 3 ft. Pale pink .. 2/-
- Obovalis** (Bendigo Wax Plant).—E.S., 3 ft. The flowers, which are white flushed pink, are produced in Winter and Spring .. 3/6

ERYTHRINA (The Coral Tree)

- Acanthocarpa**.—D.S., 4 ft. Brilliant scarlet and yellow; a rare variety .. 3/6
- Crista-galli**.—D.S., 8 ft. Deep red .. 1/6
- Blakeii**.—D.S., 6 ft. Dark crimson .. 3/6

ESCALLONIA

- C. F. Ball**.—E.S., 5 ft. Bright glossy foliage and rich rosy-crimson flowers .. 2/-
- Edinburgh**, syn. **Edinensis**.—E.S., 4 ft. Bright rosy carmine .. 1/6
- Fretheyii**.—E.S., 6 ft. Flowers pale pink .. 1/6
- Langleyensis**.—E.S., 6 ft. Rich red flowers .. 1/6
- Macrantha**.—E.S., 6 ft. Coral-red, glossy foliage .. 1/6
- Montevidensis**.—E.S., 6 ft. White, shaded pink .. 1/6
- Rubra**.—E.S., 6 ft. Red flowers .. 1/6
- Slieve Donard**.—E.S., 5 ft. A small-leaved variety, having long arching branches, which are wreathed along their entire length with sprays of rosy-pink flowers. .. 2/-
- The Escallonias freely produce their pretty flowers for a long season. Langleyensis can be grown trained against a wall or fence.

EUCALYPTUS (Flowering Varieties) (Evergreen)

- Cæsia**.—18 ft. A very graceful tree; the flowers are a pretty shade of pink .. 2/-
- Calophylla**.—30 ft. White flowers .. 1/6
- Calophylla rosea**.—30 ft. Beautiful rose-pink flowers .. 1/6
- Erythronema**.—10-15 ft. Rich crimson flowers .. 1/6
- Ficifolia** (The Scarlet Flowering Gum).—20 ft. .. 1/6
- Leucocorydon rosea**.—30 ft. Rose-pink flowers .. 1/6
- Macrocarpa**.—8 ft. Large crimson flowers, shrubby variety .. 1/6
- Stricklandii**.—15 ft. A fine golden yellow-flowered variety .. 1/6
- Torquata**.—10-15 ft. Flowers rich orange scarlet .. 1/6

SHELTER VARIETIES.

(Special quotations for large quantities.)

- Botryoides**.—60 ft. One of the quickest growing kinds. Splendid for breakwinds and shelter purposes. 9d. ea.; 6/- doz.; 45/- 100 .. 1/3
- Citrodora** (Lemon-scented Gum).—40 ft. .. 1/3
- Corynocalyx** (Sugar Gum).—60 ft. Quick growing. Splendid for shelter .. 100
- Corynocalyx** (the dwarfier growing variety).—The branches are carried well down towards the ground, and the foliage is much thicker than in the older variety. Height, 20 to 30 ft. 9d. ea.; 7/6 doz.; 50/- 100 .. 1/3
- Globulus** (Blue Gum).—100 ft. .. 1/3
- Gomphocephala** (Tooart Gum).—40-60 ft. A splendid timber tree, especially suited for hot, dry districts .. 7/6 doz.
- Lehmannii**.—30 ft. Dense shrubby growth. Splendid for breakwinds .. 12/- doz.; 1/3
- Mahogany Gum** (see *Botryoides*).

(List of other Eucalyptus trees on application.)

EUGENIA (Acmena)

- Cyanocarpa**.—E.S., 8 ft. Large purple berries. Very attractive. 1/6
- Eucalyptoides**.—E.S., 12 ft. White flowers, rose berries .. 1/6
- Myrtifolia**, syn. **Paniculata**.—E.T., 12 ft. Rose-coloured berries. 1/6
- Smithii**, syn. **Acmena floribunda** (Lilly Pilly).—E.T., 12 ft. or more. Pinkish mauve berries .. 1/6
- Ugni**.—E.S., 3 ft. White, rose-coloured berries .. 1/6
- Ventenatii**, syn. **Acmena pendula**.—E.T., 20 ft. Graceful weeping tree with white berries .. 2/-
- Eugenias are very hardy evergreen plants. Most of the varieties produce masses of showy berries. Smithii makes a good hedge.

EUALIA

- Japonica alba lineata**.—E.S., 4ft. An attractive variegated grass. 1/6

EUONYMUS (Spindle Tree)

- Argenteus**.—E.S., 5 ft. Pale green foliage margined with silver .. 1/6
- Aureus variegatus**.—E.S., 5 ft. Green and gold variegated foliage. 1/6
- Europea**.—D.S., 6 ft. Produces attractive scarlet fruit in the Winter; the foliage assumes Autumn tints before falling .. 2/-

EUONYMUS—continued.

- Japonicus**.—E.S., 6 ft. Green foliage, makes a good hedge .. 1/6
- Japonica latifolius albus elegans**.—E.S., 5 ft. White and green variegated foliage .. 2/-
- Radicans variegata**.—E.S., 1 ft. Silver variegated foliage .. 1/6

EUPHORBIA

- Wulfenii**.—E.S., 3 ft. Produces greenish-yellow flowers from Winter until Summer, and lasts for weeks when cut .. 1/6

EUTAXIA

- Diffusa**.—E.S., 3 ft. Yellow and orange pea-shaped flowers .. 2/-

EXOCHORDA (Pearl Bush)—see *Spiræa grandiflora*

FABIANA

- Imbricata**.—E.S., 4-5 ft. White heath-like flowers .. 2/-

FAGUS (The Beech). Does best in cool districts.

- Fusca** (see *Nothofagus*).
- Sylvatica purpurea** (Copper Beech).—D.T., 30 ft. .. 5/- and 7/6
- Sylvatica purpurea tricolor**.—D.T., 10 ft. The three-coloured Beech, a very handsome variety, the foliage being beautifully veined and margined white, pink, and rosy crimson .. 10/6

FEIJOA

- Sellowiana**.—E.S., 6 ft. Crimson flowers, edible fruit .. 2/-

FELICIA

- Angustifolia**.—E.S., 2-3 ft. Daisy-like lilac flowers .. 1/6

FIGUS

- Australis**.—E.T., 30 to 40 ft. A very shapely tree. Will thrive in a dry, hot situation .. 2/-
- Australis variegata**.—E.S., 8 ft. Handsome variegated foliage. 2/6

FLAME TREE (see *Brachychiton*)

FLOWERING ALMOND (see *Prunus Amygdalus*)

FLOWERING APPLE (see *Pyrus-Malus*)

FLOWERING CHERRY (see *Cherry*)

FLOWERING CURRANT (see *Ribes*)

FLOWERING PEACH (see *Prunus Persica*)

FLOWERING PLUM (see *Prunus*)

FLOWERING QUINCE (see *Cydonia*)

FORSYTHIA

- Viridissima**.—D.S., 4 ft. Golden bell-like flowers. Coppery foliage in Autumn .. 2/-

FRAXINUS (The Ash)

- Excelsior** (English Ash).—D.T., 50 ft. A handsome tree .. 2/6
- Excelsior aurea** (Golden Ash).—D.T., 12 ft. Bright golden branches and foliage .. 3/6
- Ornus** (The Flowering Ash).—D.T., 20 ft. White flowers .. 2/6
- Raywoodii** (The Claret Ash).—D.T., 30 ft. A splendid ornamental tree. In Autumn the foliage turns bright claret. For best colour effect a well-drained soil that dries out well in the Autumn is desirable .. 2/6 and 3/6

FRENELA (see *Callitris*).

FRUIT TREES (see special Catalogue, post free).

FUCHSIA (Evergreen Shrubs)

- Single and Double**.—Named varieties. Splendid collection .. 1/6

FUGOSIA, syn. LAGUNARIA (Pyramid Tree)

- Patersonii**.—E.T., 25 ft. Thrives in poor soils. Flowers pink .. 1/6

GARDENIA

- Florida**.—E.S., 3 ft. Double white, sweetly perfumed. Grows under glass or in a warm sheltered position .. 3/6
- Thunbergia**.—E.S., 6 ft. Single white, sweet-scented flowers .. 2/6

GARRYA (The Catkin Shrub)

- Elliptica**.—E.S., 6 ft. Panicles of pale green flowers in Winter .. 2/6

GERALDTON WAX PLANT (see *Chamælaucium*)

GINKGO (Maidenhair Tree)

- Biloba**, syn. **Salisburia adiantifolia**.—D.T., 15 ft. Attractive butterfly-shaped foliage .. 3/6

GLEDITSCHIA

- Triacanthos**.—D.T., 30 ft. Acacia-like foliage and Broad Bean-like pods up to 12 inches in length .. 2/-

GOLDFUSSIA, syn. STROBILANTHES

- Anisophylla**.—E.S., 3 ft. Lavender coloured flowers .. 2/-

GORDONIA

- Anomala**.—E.S., 6 ft. Large single cream-coloured *Camellia*-like flowers produced in Winter and Spring .. 3/6

GREVILLEA

- Alpina**, var. **Dallachiana**.—E.S., 3 ft. Red and white .. 2/-
- Asplenifolia**.—E.S., 6 ft. Crimson flowers, handsome foliage .. 2/-
- Fosterii**.—E.S., 6 ft. Produces its rich crimson flowers throughout the year. The foliage is very attractive .. 2/-
- Oleoides Dimorpha**.—E.S., 4 ft. Bright crimson flowers in Winter .. 2/-
- Robusta** (Silky Oak).—E.T., 40 ft. Handsome tree .. 1/6

Chrysanthemums are the Queen of Autumn flowers. Write for special Catalogue. Posted free.

Shrubs and Trees—continued.

GREVILLEA—continued.

- Rosmarinifolia.**—E.S., 4-6 ft. Red flowers in Winter and Spring. Makes a good hedge .. 1/6
- Thelmanniana.**—E.S., 4-5 ft. A dense shrubby variety with fine foliage and attractive deep red and yellow flowers .. 2/-
- Williamsii.**—E.S., 4 ft. This is a seedling from Alpina Dallachiana. The attractive flowers, which are a blending of red and white, are freely produced .. 2/-

GREYIA

- Sutherlandii.**—E.S., 6 ft. Long pendulous spikes of rich scarlet flowers. Plant in warm, well-drained position .. 2/6

GUAVA (see Psidium)

GUELDER ROSE (see Viburnum)

HABROTHAMNUS (see Cestrum)

HAKEA

- Laurina**, syn. *eucalyptoides*.—E.S., 10 ft. Crimson flowers .. 1/6

HARDENBERGIA (Coral Pea)

- Monophylla**, var. *fruticosa*.—E.S., 4 ft. Purple pea-shaped flowers .. 1/6
- Monophylla alba.**—E.S., 4 ft. White, Winter flowering .. 1/6
- Monophylla rosea.**—E.S., 4 ft. Pink pea-shaped flowers .. 1/6
- For other varieties of Hardenbergias, see Climbing Plants.

HEATHS (see Ericas)

HIBISCUS

Plant the evergreen varieties in a warm situation; the best position is against a north wall or fence.

- Agnes Galt.**—E.S., 6 ft. The colour of the extra large flowers is cerise, shading to old rose .. 2/-
- General Courteges.**—E.S., 4 ft. Rich scarlet .. 2/-
- Huegelii.**—E.S., 6 ft. A lovely shade of mauve .. 2/-
- Lambertii.**—E.S., 6 ft. Large double crimson flowers .. 2/-
- Peachblow.**—E.S., 6 ft. Semi-double salmon-pink flowers .. 2/-
- Rosa sinensis.**—E.S., 6 ft. Single red .. 2/-

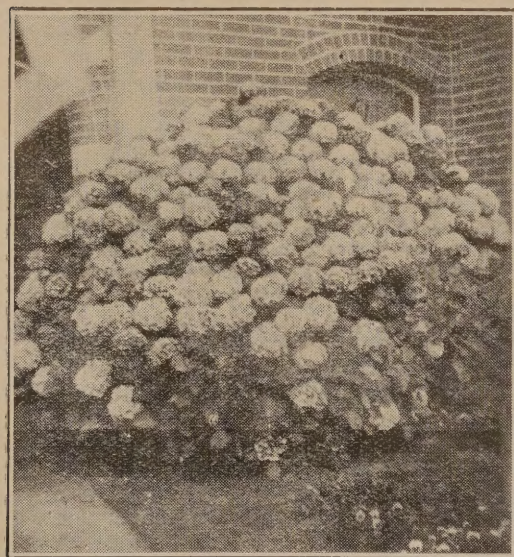

HIBISCUS SYRIACUS, or DECIDUOUS

- Ardens.**—D.S., 4 ft. Double pale violet rose .. 2/-
- Alba plena.**—D.S., 4 ft. Double white, dark centre .. 2/-
- Boule de feu.**—D.S., 4 ft. Double fiery red .. 2/-
- Cœlestis.**—D.S., 4 ft. Single azure blue, extra fine .. 2/-
- Monstrosus.**—D.S., 4 ft. Single flesh, red centre .. 2/-
- Pœonæflorus.**—D.S., 4 ft. Double deep rose .. 2/-
- Rubis fl. pl.**—D.S., 4 ft. Double carmine .. 2/-

HOLLY (see Ilex)

HOVENIA (The Chinese Raisin)

- Dulcis.**—D.T., 8-10 ft. Produces curious fruits which contain a sweet pulp .. 2/6

HYDRANGEA

T., Tall Growth, 4 ft. and over; D., Dwarf, 1½ to 2½ ft.; M., Medium, 2½ to 3½ ft.

- Ajisai.**—T. Rosy blue, has the appearance of a bunch of lilac .. 1/6
- Altona.**—M. Bright blue, fringed petals .. 2/-
- Amarante.**—D. Deepest of blues when treated .. 1/6
- America.**—M. Deep reddish rose, each floret edged lighter .. 1/6
- Ami Pasquier.**—D. Deep red, almost crimson .. 2/-

HYDRANGEA—continued.

- Baroness Schroder.**—M. Distinct flesh pink, large truss, fine, free-flowering, strong .. 1/6
- Blue Prince.**—M. Blues well when treated .. 1/6
- Colonel Durham.**—T. Deep carmine pink, large flowers, very free flowering .. 2/-
- Daphne.**—D. Colour deep red .. 2/-
- Deutschland.**—T. Bright red, enormous truss, very vigorous .. 2/-
- Domotoi.**—M. Bright pink, the only double variety .. 1/6
- Europe.**—M. Rich blue, large serrated petals .. 2/-
- Florence Bolt.**—M. Soft pink, large, very free .. 2/-
- Goliath.**—T. Large, deep rich pink, vigorous .. 2/-
- Hamburg.**—M. Deep blue, fringed petals .. 2/-
- H. B. May.**—M. Bright rosy pink .. 2/-
- Heiderosal.**—M. Colour, heather red .. 1/6
- Heinrich Seidel.**—T. Rich carmine red, fringed petals .. 2/-
- Holstein.**—M. Deep blue, early flowering .. 2/-
- Ideal.**—D. Soft pink .. 1/6
- John Mensing.**—D. Bright salmon red .. 2/-
- King George.**—T. Bright rose pink .. 2/-
- La Marne.**—T. Very strong, large, deep pink or blue .. 2/-
- Lancelot.**—D. Clear pink, frimbriated .. 1/6
- Louis Sauvage.**—D. Bright red, nearest to crimson .. 2/-
- Marchal Foch.**—D. Blue, shaded rose .. 2/-
- Marie Matthes.**—M. Silky rose pink, large shapely truss .. 2/-
- Mars.**—M. Clear carmine, extra large truss .. 2/-
- Mesdag.**—D. Fine pink, free flowering .. 2/-
- Mrs. Baardse.**—D. Bright salmon, large, strong .. 2/-
- Nixe.**—D. Almost scarlet .. 2/-
- Paris.**—T. Deep blue to almost purple .. 2/-
- Parsival.**—D. Deep rich red, frimbriated .. 2/-
- Pearl of Schadendorff.**—M. Clear blue, extra large petals and truss .. 2/-
- Peer Gynt.**—M. Deep rose, large truss and pip .. 1/6
- Princess Elizabeth.**—T. Flesh pink, tall, large .. 2/-
- Rhinegold.**—M. Apple blossom pink .. 1/6
- Rochambeau.**—D. Deep red, compact habit .. 2/-
- Rubis.**—M. Bright ruby red, large .. 2/-
- Venus.**—M. Beautiful pink, large truss .. 2/-
- Vulcan.**—D. Rich bright red .. 2/-

HYPERICUM

- Moserianum.**—E.S., 3 ft. Golden yellow .. 1/6
- Moserianum tricolor.**—E.S., 3 ft. Foliage red and white, flowers yellow .. 2/-
- Patulum Henryii.**—E.S., 3 ft. Golden yellow, berries blue-black .. 2/-

IBOZA

- Riparia.**—E.S., 3 ft. A soft-wooded shrub which produces in Winter dense masses of feathery mauve flowers. Requires protection from frost .. 2/-

IDESIA (The Wonder Tree)

- Polycarpa.**—D.T., 15 ft. The rather inconspicuous greenish coloured flowers are followed by masses of bright red berries. Very attractive foliage .. 2/6

ILEX (English Holly)

- Aquifolium** (Seedling Plants).—E.S., 10 ft. .. 1/6
- Aquifolium.**—E.S., 10 ft. Grafted plants from a reliable berry-producing variety .. 3/6
- Aquifolium aurea variegata.**—E.S., 10 ft. Golden variegated foliage .. 3/6
- Aquifolium fructi-lutea.**—E.S., 10 ft. A new variety, producing an abundance of yellow berries in Winter. Grafted plants from a reliable berry-producing variety .. 3/6
- Aquifolium argenteum variegata** (silver variegated).—E.S., 10 ft. .. 3/6

INDIGOFERA

- Australis.**—E.S., 4 ft. Pink .. 1/6

IOCHROMA

- Grandiflora.**—E.S., 6 ft. Large pale blue flowers .. 1/6
- Fuchsoides.**—E.S., 6 ft. Scarlet flowers .. 1/6
- Tubulosum.**—E.S., 6 ft. Purple flowers .. 1/6

IRISH HEATH (see Menziesia)

IRISH STRAWBERRY TREE (see Arbutus)

JACARANDA

- Ovalfolia**, syn. *mimosæfolia*.—D.T., 15 ft. Blue flowers, beautiful fern-like foliage .. 2/-

JAPANESE PRIVET (see Ligustrum)

JAPONICA (see Cydonia)

JASMINUM (see Climbing Plants)

JERUSALEM SAGE (see Phlomis)

JUDAS TREE (see Cercis)

JUNIPERUS (The Juniper)

- Africanus.**—E.S., 3 ft. Compact growth, glaucous foliage .. 3/6
- Hibernica.**—E.S., 8 ft. A dense narrow column with light green foliage .. 3/6 and 5/-
- Plumosa horizontalis.**—This variety is of prostrate growth with feathery glaucous foliage turning to plum purple in the Winter .. 3/6
- Prostrata.**—E.S. Dwarf spreading sort .. 5/-
- Squamata Meyer.**—E.S. A very choice dwarf-growing variety of pyramidal form and silvery-blue foliage .. 7/6

Shrubs and Trees—continued.

JUSTICIA

Rosea.—E.S., 3 ft. Rose-pink flowers 2/-

KALMIA (Mountain Laurel)

Latifolia.—E.S., 3 ft. This is one of the most glorious shrubs in cultivation. It has good foliage and clusters of waxy-pink shell-like flowers. Cannot be too highly recommended, but must be grown in a similar shady position as that usually allotted to Rhododendrons and Azaleas 3/6, 5/-, and 7/6

KERRIA, syn. CORCHORUS

Japonica.—D.S., 5 ft. Single yellow 1/6
Japonica flore pleno.—D.S., 5 ft. Double yellow 1/6

KOLREUTERIA

Paniculata.—D.T., 12 ft. Large panicles of golden-yellow flowers. 2/-

KOLKOWITZII

Amabilis (Chinese Beauty Bush).—D.S., 5-6 ft. Arching branches covered with sprays of small, shell-pink Weigela-like flowers .. 2/6

LABURNUM (Golden Chain)

Vulgare (Common Laburnum).—D.S., 15 ft. Yellow 2/-

LAGERSTRÆMIA (Crepe Myrtle)

Eavesii.—D.S., 6 ft. Flowers clear mauve; beautiful 2/-
Indica rubra.—D.S., 10 ft. Bright rose pink 2/-
Indica alba.—D.S., 6 ft. White 2/-

LAGUNARIA (see Fugosia)

LANTANA

Chelsea Gem.—E.S., 2 ft. Orange and crimson 1/6
Diadem.—E.S., 4 ft. Pink and cream 1/6
Drap d'Or.—E.S., 4 ft. Golden yellow 1/6
Goliath.—E.S., 4 ft. Orange and red 1/6
Magenta Queen.—E.S., 4 ft. Magenta and orange 1/6
Minnie Basil.—E.S., 4 ft. Lilac 1/6
Sellowiana.—E.S. Of trailing habit, can be trained against a fence as a climber; colour, light purple 1/6

LASIANDRA (Tibouchina)

Edwardsii.—E.S., 5 ft. Purple 1/6
Edwardsii robusta.—E.S., 3 ft. Large deep purple 2/-
Gloria.—E.S., 3-4 ft. This is an exceptionally fine variety. The beautiful violet-purple saucer-shaped flowers are freely produced. 2/6
Grandiflora.—E.S., 4 ft. Large deep purple 2/-

LAUROCERASUS (The Laurel)

Officinalis (English Laurel).—E.S., 10-12 ft. 1/6

LAVANDULA (The Lavender)

Vera.—E.S., 2 ft. The true lavender for scent making 1/-

LEONOTIS (Lion's Ear)

Leonurus.—E.S., 5 ft. Bright orange-red flowers 1/6

LEPTOSPERMUM (Native Tea-tree)

Lavigatum (Coast Tea-tree).—E.T., 15 ft. White. 12/- doz.; 1/6
Sandersii.—E.S., 3 ft. A valuable addition, as it produces its flowers, which are a pale pink with a red centre, through the Winter till Summer 2/-
Scoparium alba fl. pl..—E.S., 5-6 ft. Double pure white flowers. 2/-
Scoparium Keatleyi.—E.S., 4-6 ft. A new winter-flowering variety. The flowers are pink, shading paler towards the edge; often larger than a florin. 3/6
Scoparium Nichollii.—E.S., 5 ft. Crimson-flowered Tea-tree .. 1/6
Scoparium rosea.—E.S., 5 ft. The flowers are a deep pink .. 2/-
Scoparium rosea flore pleno.—E.S., 4 ft. Double pink .. 2/-
Walkerii.—E.S., 4 ft. The flowers vary from pink and white to deep pink on the same plant 2/-

LEUCADENDRON

Argenteum (South African Silver-leaf Tree).—E.S., 15 ft. .. 3/6

LHOTSKYA (Snow Myrtle)

Genetylloides.—E.S., 3 ft. Star-shaped white flowers 2/-

LIGUSTRUM (The Privet)

Ionandrum.—E.S., 3-4 ft. The shining small leaves are nearly round. The plants are very compact; one of the best plants for clipping into pyramid or other shapes 1/6
Lucidum aureo marginatum.—E.S., 8 ft. Broad, gold-margined foliage 2/6
Lucidum tricolor variegatum.—E.S., 8 ft. Beautifully variegated foliage 2/6
Ovalifolium variegatum (Californian Variegated Privet).—E.S., 5 ft. (See also Hedge Plants, page 14.) Specimen plants, 2/- and 3/6

LILAC (see Syringa)

LILLY PILLY (see Eugenia Smithii)

LIPPIA (see Aloysia)

LIQUIDAMBAR (Sweet Gum)

Styraciflua.—D.T., 25 ft. Maple-like leaves, turning crimson in Autumn. Very ornamental 2/-, 2/6, and 3/6

LIRIODENDRON (Tulip Tree)

Tulipifera.—D.T., 30 ft. Flowers greenish-yellow colour, marked with orange at base 2/6 and 3/6

LONICERA (Shrubby Honeysuckle)

Nitida.—E.S., 3-4 ft. Small dense box-like foliage. Can be clipped in pyramid and other shapes. It also makes an excellent edging as it can be clipped to 1 foot in height. (See also Hedge Plants, page 14) 1/- and 1/6

Syringantha.—D.S., 4 ft. Fragrant, rosy lilac flowers 2/-

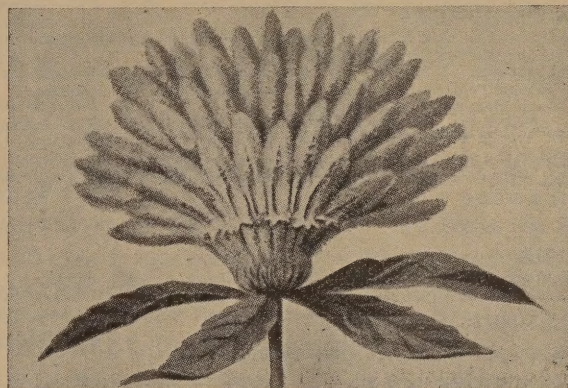

Verna.—E.S., 6 ft. Large flower heads of pink and white flowers. 2/-

LOQUAT (Eriobotrya)

Argenteum variegatum.—E.S., 9 ft. This is a beautiful variegated form of the ordinary Loquat, which, besides being ornamental, produces an abundance of edible fruit 3/6

LUCULIA

Gratissima rosea.—E.S., 3 ft. Beautiful evergreen shrub, bearing in the Winter terminal corymbs of rose-pink sweetly-fragrant flowers. Requires protection from frosts 2/- and 2/6

Leonotis Leonurus (Lion's Ear)

MACADAMIA (The Queensland Nut)

Integrifolia.—E.T., 10 ft. This variety bears two crops of nuts in the year 2/-

Ternifolia.—E.T., 10 ft. Serrated foliage, edible nuts 2/-

MACKAYA, syn. ASYSTASIA

Bella.—E.S., 3 ft. Pretty pale lilac tubular flowers 2/-

MAGNOLIA

Fuscata.—E.S., 5 ft. Small sweetly-perfumed brownish-purple flowers 2/6

Grandiflora.—E.T., 18 ft. This magnificent broad-leaved tree produces large, fragrant, bowl-shaped white flowers .. 2/6 and 3/6

Kobus.—D.S., 15 ft. Flowers white, reverse petals pale pink .. 3/6

Longifolia.—E.T., 15 ft. Large sweetly-scented white flowers, almost similar to grandiflora, but the leaves are smaller .. 3/6

Obovata purpurea.—D.S., 6 ft. Rich purple flowers 5/-

Soulangeana.—D.S., 12-15 ft. White flowers, stained purple outside 5/- and 7/6

MAIDENHAIR TREE (see Ginkgo)

MALUS (see Pyrus Malus)

MELALEUCA (Native Tea-tree Shrub)

Fulgens.—E.S. Showy red flowers 2/6

Hypericifolia.—E.S., 6 ft. Rich crimson flowers 2/-

Lateritia.—E.S., 6 ft. Rich vermilion flowers 2/-

Pulchella.—E.S., 2 ft. A dwarf-growing variety, the flowers of which are rich purple 1/6

Squamea.—E.S., 5 ft. Bright lilac flowers 2/-

Styphelioides.—E.S., 12 ft. Flowers white 2/-

Wilsonii.—E.S., 3 ft. The pink flowers are freely produced along the branches 1/6

MELIA (Umbrella Tree) (White Cedar)

Azedarach.—D.T., 20 ft. Lilac flowers, yellow berries .. 1/6 and 2/6

MENZIESIA (Irish Heath)

Polifolia.—E.S., 2 ft. Purple flowers 1/6

Polifolia alba.—E.S., 2 ft. Pure white 1/6

METROSIDEROS (New Zealand Rata)

Lucida.—E.S., 10 ft. Dark red flowers 2/-

Tomentosa.—E.S., 10 ft. Brilliant scarlet flowers 2/-

MICROMYRTUS (Rock Myrtle)—see Bäckia

MOCK ORANGE (see Philadelphus)

MURRAY PINE (see Callitris)

MYOPORUM (Bubialo)

Acuminatum.—E.S., 8 ft. A splendid hedge plant for dry regions. Thrives in poorest soils 12/- doz.; 1/6

Shrubs and Trees—continued.

MYRTUS (The Myrtle)

Communis variegata.—E.S., 3 ft. Silver and green foliage .. 2/-

NANDINA (Sacred Bamboo of China)

Domestica.—E.S., 6 ft. Handsome metallic-shaded foliage. A fine bush house or verandah plant .. 2/- and 3/6

NERIUM (The Oleander)

Luteum plenum.—E.S., 6 ft. Semi-double, creamy yellow .. 1/6
Madonna grandiflora.—E.S., 6 ft. Semi-double, pure white .. 1/6
Mrs. F. Roeding.—E.S., 6 ft. Semi-double, salmon pink .. 1/6
Punctatum.—E.S., 6 ft. Single, pink .. 1/6
Souvenir de C. Allut.—E.S., 6 ft. Single, dark crimson .. 1/6
Splendens grandiflorum.—E.S., 6 ft. Double, deep rose pink .. 1/6
Splendens variegatum.—E.S., 6 ft. Variegated green and gold foliage, pink flowers .. 2/-

NEW ZEALAND FLAX (see Phormium)

NEW ZEALAND LAUREL (see Corynocarpus)

NEW ZEALAND LILAC (see Veronica Hulkeana)

NIEREMBERGIA

Azurea.—E.S., 1½–2 ft. In flower from October till March. Rich blue, cup-shaped Campanula-like flowers .. 1/6
Hippomanica.—E.S., 1 ft. Forms a cushion of light green foliage from which emerge corymbs of salver-shaped flowers of a delicate lavender hue with a clear yellow eye .. 1/6

NORFOLK ISLAND PINE (see Araucaria)

NOTHOFAGUS (The New Zealand Red Beech)

Fusca.—E.T., 12–15 ft. Small bronzy foliage, which turns quite red in Winter .. 3/6

OAK (see Quercus)

ONCHNA

Multiflora.—E.S., 3 ft. Yellow flowers followed by black berries, surrounded by a red calyx .. 2/6

OLEANDER (see Nerium)

ORIENTAL PLANE (see Platanus)

OSMANTHUS (OLEA)

Fragrans.—E.S., 6 ft. Produces small creamy white, very fragrant flowers in Winter .. 2/6
Illicifolius variegata.—E.S., 6 ft. Pretty variegated Holly-like foliage, flowers white .. 2/-

OTHONNA

Athanasia.—E.S., 3 ft. Golden yellow Marguerite flowers in Winter .. 1/6

PÆONIA MOUTAN (Tree Pæony)

Pæonia Moutan.—D.S., 2 ft. Assorted colours .. 5/-

PAULOWNIA

Tomentosa, syn. *Imperialis*.—D.T., 10 ft. Large heads of pale blue Gloxinia-like flowers .. 2/6

PAVONIA

Coccinea.—E.S., 6 ft. Bright scarlet flowers .. 1/6

PEACHES (Double Flowering)—see Prunus Persica

PENTAPTERYGUM

Serpens.—E.S., 3 ft. A beautiful shrub producing tubular, crimson flowers which hang down from its arching branches. It prefers a shaded position and soil free from lime .. 2/6

PEPPER TREE (see Schinus molle)

PHILADELPHUS (Mock Orange Blossom)

Belle Etoile.—D.S., 5 ft. Clusters of large single white cup-shaped flowers .. 1/6
Coronarius aureus.—D.S., 4 ft. Showy golden foliage, flowers white .. 2/-
Mexicanus.—E.S., 4 ft. Creamy white perfumed flowers; an evergreen variety .. 1/6
Velleda.—D.S., 5 ft. Large single white flowers .. 1/6
Virginal.—D.S., 5 ft. Very large semi-double pure white flowers; beautiful .. 2/-

PHLOMIS (The Jerusalem Sage)

Fruticosa.—E.S., 3 ft. The bright yellow flowers, which resemble a giant Salvia in shape, are produced in the Winter and Spring .. 1/6

PHORMIUM (New Zealand Flax)

Colensoi variegata.—E.S., 4 ft. Makes a very ornamental tub or pot plant; very hardy .. 2/-

PHOTINIA (Chinese Hawthorn)

Glabra rubens.—E.S., 4–5 ft. The flowers are creamy white, but it is recommended for the effect of its brilliant red young foliage, the coloration lasting for months .. 2/-
Serrulata.—E.S., 10 ft. Panicles of white flowers; foliage turns crimson in winter .. 1/6

PIN OAK (see Quercus palustris)

PINUS (The Pine)

Insignis.—E.T. Good shelter tree. 9d. and 1/- ea.; 7/6 and 10/- doz.

PITTOSPORUM

Crassifolium.—E.S., 10 ft. Flowers brownish purple; good coast plant .. 12/- doz.; 1/6 ea.
Crassifolium variegatum.—E.S., 6 ft. One of the best variegated plants ever introduced .. 2/6 and 3/6
Eugenoides.—E.S., 10 ft. Good hedge plant .. 12/- doz.; 1/6 ea.
Eugenoides variegatum.—E.S., 8 ft. Pale green foliage bordered with silvery white .. 2/6
Tobira.—E.S., 6 ft. White, sweet-scented flowers .. 1/6
Unilatum.—E.S., 8 ft. Creamy flowers, sweetly scented. 1½/- doz.; 1/6 ea.

PLATANUS (Oriental Plane)

Orientalis.—D.T., 30 ft. Favourite tree for street planting. 2/6 and 3/6

PLECTRANTHUS (Flowering Coleus)

Ecklonii.—E.S. 3 ft. Pretty pale blue flowers .. 1/6

PLUMBAGO

Capensis.—E.S., 5 ft. Pretty pale blue flowers .. 1/6

PLUMIERIA (The Frangipanni)

Acutifolia.—D.S., 6 ft. The flowers, which are cream coloured, are deliciously scented. Suitable for warm climates only. 2/6 and 3/6

PODALYRIA

Glyptrata grandiflora.—E.S., 6 ft. Large mauve pink pea-shaped flowers; a splendid shrub .. 2/-
Srizea.—E.S., 3 ft. Silvery foliage, pretty small bright pink pea-shaped flowers in early Winter .. 1/6

POINCIANA (Bird of Paradise Flower)

Gilliesii.—D.S., 6 ft. Yellow with long scarlet stamens .. 2/-

POINSETTIA

Pulcherrima.—D.S., 5 ft. Vivid scarlet bracts surround the small yellow flowers. Plant in warm position protected from frost .. 2/-

POLYGALA (Milk Wort)

Grandiflora.—E.S., 6 ft. Purple pea-shaped flowers in Winter .. 2/6
Oppositifolia.—E.S., 3 ft. The plants are of a drooping habit of growth, and produce terminal racemes of purple flowers .. 3/6

POMEGRANATE (see Punica)

POPULUS (The Poplar)

Alba (The Silver Poplar).—D.T., 40 ft. .. 2/6
Alba borealis (Improved Silver Poplar).—D.T., 40 ft. .. 2/6
Alba Richardii.—D.T., 15 ft. A small-growing variety. The foliage is golden yellow above and silvery white beneath, making a good colour contrast .. 2/6
Deltoides.—D.T., 40 ft. Large bright green leaves, veins rich red .. 2/6 and 3/6
Dilatata, syn. *pyramidalis* (Lombardy or Upright Poplar).—D.T., 40 ft. .. 2/6
Golden (Canadensis aurea) (Golden Poplar).—D.T., 20 ft. .. 2/6
Laslocarpa.—D.T., 20 ft. Large bright green leaves with conspicuous red veins .. 2/6
Lombardy (see dilatata)
Monilifera (The Spreading Poplar).—D.T., 40 ft. .. 2/6
Yunnanensis.—D.T., 30 ft. A fast-growing species with attractive young foliage flushed with red .. 2/6

PRIVET (see Ligustrum)

PROSTANTHERA (Native Mint Bush)

Melissifolia.—E.S., 6 ft. Flowers violet .. 1/6
Ovalifolia.—E.S., 4 ft. A very attractive variety which, in Spring, is covered with rich purple flowers .. 2/-
Rotundifolia.—E.S., 4 ft. Violet flowers .. 1/6
Sieberi.—E.S., 3 ft. Light violet flowers .. 1/6

PROTEA (Cape Honeysuckle)

Melifera.—E.S., 15 ft. Large pink flowers .. 2/-
Suzanne.—E.S., 8 ft. The large and attractive red flowers are freely produced .. 3/6

PRUNUS AMYGDALUS (Flowering Almond)

Pollardii.—D.T., 15 ft. Flowers a lovely shade of rose pink .. 2/-

PRUNUS (Flowering Plums)

Birelana flore pleno.—D.T., 12 ft. Double rich pink flowers and metallic foliage .. 2/-
Miseri flore pleno.—D.T., 12 ft. Double light pink flowers and metallic foliage .. 2/-
Mame rosea.—D.T., 10 ft. Semi-double bright pink Winter flowering .. 2/-
Pissardii.—D.T., 15 ft. Single white flowers; metallic foliage .. 2/-
Pissardii nigra.—D.T., 15 ft. Flowers bluish pink; foliage purple .. 2/-
Sineasis alba flore pleno.—D.S., 4 ft. Double white flowers .. 1/6
Sineasis rosea flore pleno.—D.S., 4 ft. Double pink flowers .. 1/6
Solacea purpurea.—D.T., 8 ft. Flowers white, foliage dark .. 2/-
Triloba.—D.S., 6 ft. Double deep rose-pink flowers .. 2/-
Vasuvius.—D.T., 12 ft. White flowers, rich purple foliage .. 2/-

Shrubs and Trees—continued.

PRUNUS PERSICA (Flowering Peaches)

- Double Crimson.**—D.T., 15 ft. Double rich carmine-crimson .. 2/-
Double Pink.—D.T., 15 ft. Bright double pink flowers .. 2/-
Double White.—D.T., 15 ft. Purest white .. 2/-
Harbinger.—D.T., 15 ft. This variety opens its crimson flowers about four weeks before other Flowering Peaches .. 2/-

PRUNUS SERRULATA (see Cherry Double Flowering)

PSIDIUM (Guava)

- Cattleianum.**—E.S., 6 ft. A fruiting shrub that should be more largely grown. The purple edible fruit (about the size of a small plum) is produced in great profusion .. 1/6
Yellow Fruited.—E.S., 6 ft. Requires a warm situation .. 2/-

PSORALEA

- Pinnata.**—E.S., 8 ft. Has an abundance of narrow dark green foliage and produces pea-shaped sweetly-scented blue flowers .. 2/-

PUNICA (Pomegranate)

- Granatum.**—D.S., 8 ft. The edible pomegranate; flowers single scarlet .. 2/-
Granatum flore pleno.—D.S., 6 ft. Large scarlet double flowers. Nana.—D.S., 2 ft. Covered in Summer and Autumn with masses of double crimson flowers .. 2/-

PUSSY WILLOW (see Salix)

PYRACANTHA (see Crataegus)

PYRAMID TREE (see Fugosia)

PYRUS JAPONICA (see Cydonia)

PYRUS, syn. SORBUS (Mountain Ash)

- Aucuparia** (The Popular Rowan Tree).—D.T., 25 ft. Produces clusters of red berries .. 2/6, 3/6, 5/-

PYRUS-MALUS (Flowering Apples or Crabs)

- Aldenhamsensis.**—D.T., 12 ft. Rich bronze foliage. Wine crimson, semi-double flowers, followed by small purple fruit .. 2/6
Coral.—D.T., 8 ft. Small yellow fruit flushed vermillion, of excellent eating quality. A first-class variety .. 2/6
Eleyli.—D.T., 8 ft. Foliage reddish purple, red flowers and fruit similar to Morella Cherries .. 2/6
Floribunda atrosanguinea.—D.T., 8 ft. Plants of pendulous habit; carmine-red flowers. This tree in full bloom is a glorious sight .. 2/6
Floribunda purpurea.—D.T., 12 ft. Purple-rose flowers, followed by purplish-crimson small fruit in great profusion .. 2/6
Gorgeous.—D.T., 5 ft. A dwarf-growing crab apple producing masses of bright red fruit the size of a plum, which hangs on the tree during Autumn and till late in the Winter .. 3/6
Spectabilis.—D.T., 10 ft. Semi-double pink flowers, freely produced .. 2/6

QUEENSLAND BOX (see Tristania)

QUEENSLAND NUT (see Macadamia)

QUERCUS (The Oak)

- Cerris** (The Turkey Oak).—D.T., 50 ft. A handsome pyramidal tree. 2/6
Palustris (The Pin Oak).—D.T., 50 ft. Foliage deep green, turning to bright red in Autumn. It is the best variety to grow around Melbourne for Autumn foliage effects .. 2/6 and 3/6
Robur concordia (The Golden Oak).—D.T. A small-growing variety with rich golden foliage; very attractive in Spring and Summer .. 7/6

RAPHIOLEPIS (Indian Hawthorn)

- Ovata.**—E.S., 4 ft. Clusters of fragrant white flowers, followed by black berries; grows anywhere .. 1/6

RED TEA-TREE (see Leptospermum)

RETINOSPORA (Evergreen)

- Ericoides.**—4 ft. Growth dwarf, foliage turns reddish bronze in Winter .. 2/- and 3/6
Obtusa Crippsii.—5 ft. Richly-coloured golden foliage .. 5/-
Obtusa nana aurea.—3 ft. Beautiful golden foliage .. 5/-
Leptoclada.—8 ft. Silvery-grey foliage .. 3/6
Plumosa.—5 ft. Feathery plume-like foliage .. 3/6
Plumosa argentea.—8 ft. Foliage tipped white .. 3/6
Plumosa aurea.—5 ft. Foliage tipped golden yellow .. 3/6
Squarrosa.—6 ft. Feathery silvery foliage .. 3/6

RHODODENDRON

They grow best in a cool, semi-shaded position in moist, lime-free soil. Give an abundance of water in dry weather.

- Admiral Piet Hein.**—Soft lilac sweetly-scented flowers .. 7/6
Alarm.—White, deeply edged with pink .. 5/-
Alice.—Deep rose pink, flushed with salmon .. 7/6
Britannia.—Brilliant scarlet-crimson. Large Gloxinia-like flowers. 7/6
C. B. Van Nes.—Colour dark waxy scarlet .. 7/6
Corry Koster.—Light pink, heavily spotted crimson; frilled edges. 7/6
C. S. Sargent.—A splendid red variety .. 7/6
Countess of Athole.—Clear mauve, very large truss .. 7/6
Cynthia.—Rich rosy crimson .. 5/-
Dr. V. H. Rutgers.—Fiery aniline red, strong compact grower .. 7/6
Fastuosum flore pleno.—Clear lilac, double flowers .. 5/-

RHODODENDRON—continued.

- Fragrantissima.**—Very large sweetly-scented white flowers .. 5/-
Louis Pasteur.—Beautiful rich pink, very large truss .. 7/8
Mrs. Charles E. Pearson.—Pale blush mauve, spotted on upper lobe with burnt sienna .. 7/8
Mrs. R. S. Halford.—Colour rich salmon .. 7/8
Pink Pearl.—Rich pink, paling with age .. 5/-; 7/6
Professor Hugo de Vries.—Of the same type as Pink Pearl, but much deeper and richer in colour .. 7/6
Strategist.—A lovely shade of pink .. 7/6
Unknown Warrior.—Colour glowing red .. 7/6

RHUS (Sumach)

- Succedanea.**—D.S., 8 ft. A glorious Autumn-foliaged plant. .. 2/-

RIBES (Flowering Currant)

- Sanguineum.**—D.S., 6 ft. The Red-flowering Currant .. 1/6

ROBINIA (The Locust Tree)

- Bessoniana.**—D.T. A noble-looking tree of regular growth .. 2/-
Hispida rosea.—D.S., 6 ft. The rose-pink flowers are produced in pendulous racemes like Wistaria .. 2/-
Kelseyli.—D.S., 6 ft. Flowers violaceous rose in Wistaria-like racemes .. 2/6
Pseudacacia.—D.T., 20 ft. White flowers in Spring .. 2/-

ROCK ROSE (see Cistus)

RONDELETIA

- Amoena.**—E.S., 4 ft. A nice shrub with large foliage and heads of salmon-pink flowers. As it is not frost hardy, it should be grown in a sheltered position .. 2/6
Anomala.—E.S., 3 ft. Attractive Bouvardia-like coral-red flowers .. 2/-

ROSEMARY (see Rosmarinus)

ROSES (see Rose Catalogue. Post free on application)

ROSMARINUS

- Officinalis** (The Common Rosemary).—E. S., 2 ft. .. 1/6

ROWAN TREE (see Pyrus Aucuparia)

SALISBURIA (see Ginkgo)

SALIX (The Willow)

- Babylonica** (The Common Weeping Willow).—D.T., 30 ft. .. 2/-
Coerulea (The Cricket Bat Willow).—D.T., 25 ft. .. 2/-
Multinervis.—D.T., 10 ft. A distinctive Chinese Pussy Willow; its greyish flowers or pussies, which are good for cutting, are produced early in the Spring .. 2/-
Rubra (The Pussy Willow).—D.T., 10 ft. The showy catkins or pussies, if cut before they open, can be dried and used for Winter decoration .. 2/-
Vitellina aurea (The Golden Willow).—D.T., 20 ft. .. 2/-

SAMBUCUS (The Elderberry)

- Nigra argentea.**—D.S., 8 ft. Silver and green foliage .. 2/-
Nigra aurea.—D.S., 8 ft. Bright golden foliage .. 2/-

SANTOLINA (The Lavender Cotton)

- Pectinata.**—E.S., 2 ft. Masses of double golden yellow flowers .. 1/6

SCHINUS (Pepper Tree)

- Molle.**—E.T., 30 ft. Very hardy, suitable for dry hot districts. 1/- ea.; 9/- doz.

SEQUOIA (Californian Redwood)

- Gigantea**, syn. **Wellingtonia gigantea** (The Californian Giant Tree).—E.T., 100 ft. .. 3/6
Sempervirens.—E.T., 100 ft. Pale green, Yew-like foliage .. 3/6

SHE-OAK (see Casuarina)

SILKY OAK (see Grevillea Robusta)

SNOW BUSH (see Spiraea Grandiflora)

SNOWBERRY BUSH (see Symphoricarpos)

SOLANUM

- Hendersonii**, **Paterson Variety.**—E.S., 1 ft. The ornamental cherry-like orange-red berries are freely produced .. 1/6

SOPHORA, syn. EDWARDSIA

- Microphylla**, syn. **tetraptera.**—E.T., 12 ft. Yellow pea-shaped flowers and Mimosa-like foliage .. 1/6

SPANISH BROOM (Spartium) (see Broom)

SPARMANNIA

- Africana flore pleno.**—E.S., 10 ft. Clusters of double white flowers in Winter. Very hardy .. 2/-

SPARTIUM (see Broom)

SPHERALCEA

- Rosea.**—E.S., 6 ft. Abutilon-like deep-rose flowers freely produced throughout the year .. 2/-

SPINDLE TREE (see Euonymus)

Shrubs and Trees—continued.

SPIRÆA (Shrubby Spiræas)

- Anthony Waterer.**—D.S., 3 ft. Variegated foliage, crimson flowers .. 1/6
Assurgens.—D.S., 5 ft. Fern-like foliage and large plume-like heads of creamy white flowers .. 1/6
Grandiflora, syn. **Exochorda grandiflora.**—D.S., 6 ft. Large pure white flowers .. 1/6
Opulifolia aurea.—D.S., 4 ft. An attractive variety with rich golden foliage and white flowers in abundance .. 1/6
Prunifolia flore pleno.—D.S., 4 ft. Double pure white flowers clustered along the drooping branches .. 1/6
Reevesiana.—D.S., 5 ft. Single May, pure white flowers .. 1/6
Reevesiana flore pleno.—D.S., 4 ft. Double May .. 1/6
Thunbergii, syn. **gracilis.**—D.S., 3 ft. White flowers and attractive foliage, both of which are useful for decorative purposes. 1/6

STAPHYLEA (Bladder Nut)

- Colchica.**—D.S., 4 ft. Heads of creamy white flowers in early spring .. 2/-

STATICE (Perennial Everlasting Flower)

- Dicksonii.**—E.S., 2 ft. A beautiful variety. Large heads of bright pink flowers. Scarce .. 2/6

STERCULIA (see Brachychiton)

STRANVÆSIA

- Davidiana**, var. **undulata.**—E.S., 4-5 ft. White flowers, followed by small bright red berries; the foliage turns brilliant colours in the Autumn and Winter .. 3/6

STRAWBERRY TREE (see Arbutus)

ST. JOHN'S BREAD (see Ceratonia siliqua)

STENOCARPUS

- Sinuatus** (Queensland Fire Wheel Tree).—E.T., 15 ft. Scarlet. 2/6

SUTERA

- Grandiflora.**—E.S., 2 ft. A dwarf Winter-flowering shrub, blooming for a long period, from Autumn until late Spring. The flowers, which are borne profusely on large heads, are a charming clear lavender-blue colour, and last well when cut. Plant in a sunny position in well-drained soil. .. 2/6

SYMPHORICARPUS

- Racemosus** (Snowberry).—D.S., 3 ft. Produces snow-white berries .. 1/6
Vulgaris.—D.S., 3 ft. Small coral berries .. 1/6
Vulgaris variegata.—D.S., 3 ft. Pretty green and yellow foliage. 1/6

SYRINGA (The Lilac)

- Abel Carriere.**—D.S., 6 ft. Double, dark blue .. 2/-
Belle de Nancy.—D.S., 6 ft. Double satin pink .. 2/-
Charles Joly.—D.S., 6 ft. Double dark red .. 2/-
Charles X.—D.S., 6 ft. Large, single, blue flowers .. 2/-
Condorcet.—D.S., 6 ft. Double blue .. 2/-
Congo.—D.S., 6 ft. Single, bright reddish purple. .. 2/-
Dilatata.—D.S., 6 ft. Single, pale lilac; very early .. 2/-
Dr. Masters.—D.S., 6 ft. Double deep lilac blue .. 2/-
Louvois.—D.S., 6 ft. Single, deep violaceous violet .. 2/-
Madame Lemoine.—D.S., 6 ft. Double white .. 2/-
Marechal Bassompierre.—D.S., 6 ft. Double carmine red .. 2/-
Michael Buchner.—D.S., 6 ft. Double rosy lilac .. 2/-
Persica (Persian Lilac).—D.S., 5 ft. Pale blue, single flowers. 2/-
President Loubet.—D.S., 6 ft. Double, purplish red .. 2/-
Souv. de Louis Spath.—D.S., 6 ft. Single, blackish red .. 2/-
Vulcan.—D.S., 6 ft. Single, dark red .. 2/-
Vulgaris.—D.S., 6 ft. Common single lilac .. 2/-
Wilsonii.—D.S., 6 ft. Pale pink .. 2/-
Wolfii.—D.S., 6 ft. Very distinct, loose trusses of lilac-pink flowers. 2/-

TAMARIX (Flowering Cypress)

- Æstivalis.**—D.S., 10 ft. Rich carmine flowers, handsome foliage 1/6
Japonica, syn. **plumosa.**—D.S., 10 ft. Handsome foliage, carmine-pink flowers .. 1/6
Tetrandra purpurea.—D.S., 10 ft. Weeping branches, pink flowers .. 1/6

TAXODIUM

- Distichum.**—D.T., 60 ft. Feathery light-green foliage, which turns brown in the Autumn. Plant in damp situation .. 3/6

TAXUS (The Yew)

- Baccata.**—E.T., 30 ft. The English Yew of spreading habit .. 5/-
Baccata fastigiata (The Irish Yew).—E.S., 12 ft. Columnar habit .. 12/6

TEA-TREE (see Leptospermum)

TECOMA (Shrubby Tecomas)

- Capensis.**—E.S., 8 ft. Scarlet, flowers almost continuously .. 1/6
Smithii.—E.S., 8 ft. Orange yellow, with brown reverse .. 1/6

TELOPEA (The Waratah)

- Speciosissima** (The N.S.W. Waratah).—E.S., 4-6 ft. Large crimson flowers .. 2/6

THRYPTOMENE (The Grampians Myrtle)

- Mitchelliana.**—E.S., 4 ft. A Heath-like shrub which in Winter is covered with small white flowers .. 1/6

THUYA, syn. THUYOPSIS

- Borealis.**—E.T., 30 ft. Pretty moss-like foliage .. 2/-
Dolabrata.—E.T., 40 ft. Mossy-green foliage .. 2/-
Dolabrata variegata.—E.T., 40 ft. Mossy variegated foliage .. 2/-

TIBOUCHINA (see Lasiandra)

TILIA (The Linden Tree)

- Europæa.**—D.T., 30 ft. Requires cool, moist conditions .. 2/6

TOXICOPHLEA

- Spectabilis.**—E.S., 8 ft. Thick, leathery purple foliage and dense masses of pure white, sweetly-scented flowers, followed by large blackish-purple berries .. 2/-

TRISTANIA (Queensland Box)

- Conferta.**—E.T., 30 ft. Withstands drought, valuable for street or avenue planting in hot, dry districts .. 1/6

TULIP TREE (see Liriodendron)

ULMUS (Elm)

- Campestris** (The English Elm).—D.T., 60 ft. .. 3/6
Louis van Houtte.—D.T., 30 ft. Foliage tinged with yellow. 3/6 and 5/-
Chinensis (The Chinese Elm).—E.T., 25 ft. A pretty evergreen tree with small serrated foliage .. 2/6 and 3/6
Huntingdon Elm.—D.T., 30 ft. .. 3/6
Monumentalis.—D.T. Small leaves, growth very upright, almost like an upright poplar .. 3/6

UMBRELLA TREE (see Melia)

VERONICA (The Speedwell)

- Autumn Glory.** E.S., 3 ft. Colour violet; free flowering (New) 2/-
Andersonii variegata.—E.S., 3 ft. Flowers blue, foliage heavily margined with white .. 1/6
Cœlestis.—E.S., 3 ft. A pretty shade of blue .. 1/6
Colensoi.—E.S., 2 ft. Lavender blue to white .. 1/6
Diosmæfolia.—E.S., 2 ft. Pink flowers .. 1/6
Hulkeana (New Zealand Lilac).—E.S., 3 ft. One of the most showy shrubs in our collection. Spikes of light lilac flowers .. 1/6
Imperialis.—E.S., 4 ft. Rich amethyst crimson; very showy .. 1/6
Imperialis variegata.—E.S., 3 ft. Lovely amethyst crimson flowers and beautifully variegated foliage, the colours of which intensify in the Winter .. 1/6
Labelloides.—E.S., 3 ft. Flowers blue .. 1/6
Parviflora.—E.S., 4 ft. Pale pink flowers .. 1/6
Versicolor variegata.—E.S., 3 ft. Narrow foliage, beautifully variegated .. 1/6

VIBURNUM

- Bitchulense.**—E.S., 4 ft. Flowers white, tinged rose; very fragrant .. 3/6
Burkwoodii.—E.S., 5 ft. Best described as an evergreen variety of V. Carlesii. The panicles of Bouvardia-like, sweetly-scented flowers are produced in the Spring, the colour being pink in the bud opening to white, flushed pale pink .. 5/- and 7/6
Carlesii.—D.S., 4 ft. Beautiful rosy-white Bouvardia-like flowers, which are deliciously scented .. 3/6
Opulus (The Guelder Rose).—D.S., 6 ft. White ball-like flowers. Foliage turns reddish bronze in Autumn .. 1/6
Plicatum tomentosum.—D.S., 6 ft. This is one of the best shrubs in cultivation. It produces large flat heads of creamy-white flowers, followed by red berries .. 2/-
Rhytidophyllum.—E.S., 5-6 ft. Large clusters of yellowish-white flowers, succeeded by berries which turn red in the Autumn .. 2/6
Sieboldii.—E.S., 5 ft. A hardy shrub, producing white flowers followed by red berries .. 2/-
Tinus (**laurustinus**).—E.S., 8 ft. The popular Winter-flowering white variety .. 1/6

VIRGILIA

- Capensis.**—E.T., 25 ft. A very quick-growing tree with pink pea-shaped flowers .. 2/6

VITEX

- Trifolium variegata.**—E.S., 4 ft. A handsome variegated-leaved shrub. The foliage is green surrounded by an irregular creamy-white border. Protect from frost .. 2/-

WESTRINGIA

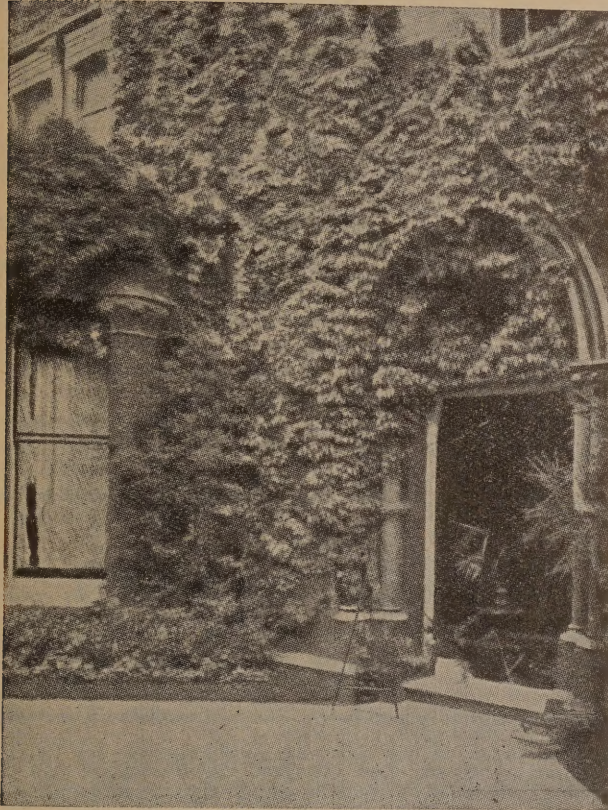

- Rosmariniformis.**—E.S., 5 ft. White, with lilac spots .. 1/6

WEIGELA (Diervilla)

- Amabilis variegata.**—D.S., 5 ft. Handsome variegated foliage and pretty rose-pink flowers .. 1/6
Candida.—D.S., 6 ft. Flowers white .. 1/6
Rosea.—D.S., 4-6 ft. Rose pink .. 1/6
Rosea foliis purpureis.—D.S., 2 ft. Deep purple foliage and rose-coloured flowers .. 1/6
Styracia.—D.S., 4 ft. Buds red, opening to bright rose .. 1/6

Climbing and Twining Plants

Abbreviations: D., Deciduous Climber; E., Evergreen Climber.

Ampelopsis Veitchii (Virginia Creeper)

AKEBIA

- Lobata*.—E. Small black flowers and large three-lobed foliage .. 2/6
Quinata.—E. Dark purple fragrant flowers .. 2/6

AMPELOPSIS (Virginia Creeper)

- Brevipedunculata*.—D. Produces beautiful violet-coloured berries in Autumn .. 1/6
Henryana.—D. Beautiful variegated foliage .. 1/6
Hederacea.—D. Large-leaved Virginia Creeper .. 1/6
Lowii.—D. Small lacinated foliage. A self-clinging variety .. 1/6
Sempervirens.—E. The Evergreen Virginia Creeper .. 1/6
Veitchii.—D. The most popular variety; self-clinging .. 1/3

APHANOPETALUM

- Resinosum*.—E. Dark green leaves, very hardy .. 1/6

BIGNONIA and TECOMA

- Alba lutea*.—E. (See excelsa.)
Australis.—E. Cream and brown flowers .. 2/-
Capensis (see Shrub and Tree section).
Capreolata.—E. Orange and red .. 2/-
Cherere.—E. Rich orange red .. 2/-
Excelsa.—E. Yellow and white .. 2/-
Grandiflora.—D. Very large trumpet-shaped orange flowers; growth shrubby .. 2/-
Gulfoylei.—D. Shrubby habit; flowers dull crimson .. 2/-
Jasminoides.—E. Glossy foliage. Purple and white flowers .. 2/-
Jasminoides alba.—E. Pure white flowers .. 2/-
Lindleyana.—E. Clear lilac flowers .. 2/-
Mackeni.—E. Deep rose-pink flowers .. 2/-
Smithii (see Shrub and Tree section)
Tweediana.—E. Clear bright yellow .. 2/-
Venusta.—E. Orange. For warm districts only .. 2/6

BOMAREA (The Climbing Alstroemeria)

- Multi flora*.—D. Produces large umbels of rich, orange-yellow bell-shaped flowers in Summer .. 2/-

BOUGAINVILLEA (Evergreen)

- Magnifica Trailii*.—Deep purplish magenta; the best variety for local conditions .. 1/6
Mrs. Butt.—Of free-flowering habit, producing in great profusion its beautiful crimson flowers without any magenta shade whatever .. 3/6
Thomasii (syn. *rosea*).—Large trusses of pink flowers; does not flower satisfactorily except in warm districts .. 2/-

CAMPSIDIUM

- Valdivianum*.—E. Glossy foliage and masses of cream flowers .. 1/6

CLEMATIS (The Virgin's Bower) (Deciduous)

- Flamula*.—Sprays of dainty white flowers .. 1/6
Montana.—Masses of white and cream star-shaped flowers .. 2/-
Montana rubens.—Rose-pink flowers. Very fine .. 2/-
Montana undulata.—Silvery pink; very showy .. 2/-
Large-flowered Varieties.—The colours include white, lavender, violet, pink, mauve, etc. They make a glorious display when in flower .. 5/-

COBÆA

- Scandens*.—E. Violet bell-shaped flowers .. 1/6

CONVOLVULUS (Evergreen)

- Mauritanicus*.—A trailing plant with pretty pale blue flowers, and small light green foliage .. 1/6

FIGUS (Climbing Fig)

- Minima*.—E. Small dark-green leaves .. 1/6
Stipulata.—E. Small leaves. A splendid evergreen self-clinging climber for growing on brick walls and rockeries .. 1/6
Stipulata variegata.—E. A beautiful variegated variety .. 1/6

FUCHSIA (Climbing Fuchsia)

- Kirkii*, syn. *procumbens*.—E. Small round leaves, crimson berries in Winter .. 1/6

GELSEMIUM (Carolina Jasmine)

- Sempervirens*.—E. Yellow flowers .. 1/6

HARDENBERGIA (Native Sarsaparilla)

- Comptoniana*.—E. Masses of blue pea-shaped flowers .. 1/6

HEDERA (The Ivy)

- Helix*.—E. The common green Ivy .. 1/6
Maderiensis variegata.—E. Large leaves margined creamy white .. 2/6
Tricolor variegata.—E. Small leaves, beautifully variegated, green, cream, and pink .. 1/6

HIBBERTIA

- Volubile*.—E. A beautiful climbing plant with attractive foliage and handsome rich yellow flowers about 2½ inches or more in diameter .. 2/-

HOYA (Wax Flower)

- Carnea*.—E. Beautiful pink waxy flowers .. 3/6

IPOMÆA (Convolvulus or Morning Glory)

- Learii*.—E. A large blue perennial Convolvulus .. 1/6

JASMINUM

- Beesianum*.—E. Rose-coloured flowers .. 1/6
Grandiflorum.—E. Sweet-scented white flowers .. 1/6
Nudiflorum.—E. Golden yellow flowers in Winter .. 1/6
Primulinum.—E. A splendid variety, producing its large semi-double yellow flowers in profusion .. 1/6
Stephanense.—E. Clusters of fragrant soft pink flowers .. 1/6
Suavissimum.—E. White, sweet scented .. 1/6

KENNEDYA (Native Bean Climber)

- Doria*.—E. This is a rare climber, which produces its bright red flowers during Summer and Autumn .. 2/-
Nigricans.—E. Flowers black and yellow .. 2/-
Rubicunda.—E. Red, rampant grower .. 1/6

LAPAGERIA

- Rosea*.—E. A glorious climber, producing long, wax-like, rich pink bell-shaped flowers. It does best in a cool situation. At our Nursery we grow it on the walls of our tea-tree bush houses where it flowers freely .. 3/6 and 5/-

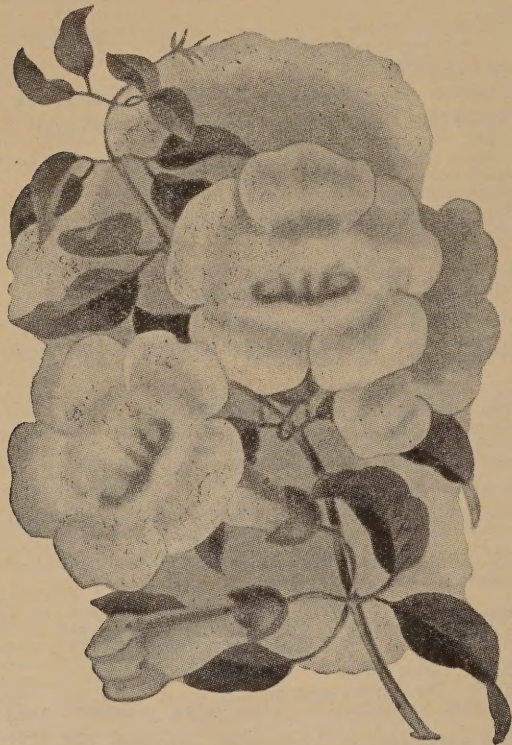

LATHYRUS (Perennial Pea)

- Carneus*.—E. Pale pink, flushed a deeper colour .. 1/6
Grandiflora.—E. Crimson and pinkish violet .. 1/6
Latifolius alba.—E. Pure white .. 1/6
Pubescens.—E. Delicate clear blue .. 1/6

Climbing and Twining Plants—continued.

- LONICERA** (Honeysuckle)
Aureo reticulata.—E. Yellow flowers, foliage veined yellow .. 1/6
Caprifolium.—E. Woodbine or English Honeysuckle; white .. 1/6
Confusa.—E. Pale yellow flowers .. 1/6
Fragrantissima.—E. Cream scented flowers in Winter .. 1/6
Hildebrandiana.—E. Large glossy foliage and tubular flowers, 4 to 6 inches long .. 3/6

- LOTUS** (Evergreen)
Pellorhynchus.—Pea-shaped scarlet flowers for rockeries or hanging-baskets .. 1/6

Bignonia Tweediana

- MANDEVILLA**
Suaveolens.—D. Snowy white; sweet-scented flowers .. 1/6

- MUEHLENBECKIA**
Complexa.—E. Maidenhair-like foliage on wiry stems. Splendid for covering fences or buildings or for very exposed window boxes. 1/6

- PARSONSIA**
Heterophylla.—E. Attractive foliage, which varies in shades of colour. Sweetly-scented white flowers .. 2/-

- PASSIFLORA** (Passion Flower)
Cerulea.—E. Blue flowers .. 1/6
Constance Elliott.—E. White flowers .. 1/6
Eduilis.—E. The edible Passion Fruit. 9d. and 1/- ea.; 7/6 and 9/- doz.

- PHASEOLUS** (Snail Flower)
Caracalla.—E. Curiously curled lilac and cream flowers .. 1/6

- PHYSIANTHUS** (Kapok Climber)
Albens.—E. White flowers, sweetly scented .. 1/6

- RHYNCHOSPERMUM** (Star Jasmine)
Jasminoides.—E. Sweetly-scented white flowers .. 2/-
Jasminoides argentea variegata.—E. Variegated foliage and sweetly-scented flowers .. 2/6

- SOLANDRA** (Evergreen)
Grandiflora.—Yellow trumpet-shaped flowers up to a foot in length .. 2/-
Nitida (The Golden Cup).—Rich yellow flowers, deepening with age to golden yellow. Plant in a warm position sheltered from frost .. 2/6

SOLANUM

- Wendlandii.**—E. Large trusses of pale blue flowers. One of the most handsome climbers in cultivation; susceptible to frost .. 2/6

STIGMAPHYLLON

- Ciliatum.**—Produces Orchid-like golden yellow flowers in Summer. Does best in a warm, moist situation .. 2/6

TACSONIA (Passion Flower)

- Exoniensis.**—E. Bright rose-pink flowers .. 2/-
Manicata.—E. Rich scarlet flowers .. 2/-
Mollissima.—E. The edible Banana Passion Fruit. Flowers pink 1/-

TECOMA (see Bignonia)

THUNBERGIA (The Orange Glory Creeper)

- Gibsonii.**—E. Orange-tango coloured flowers. Needs a warm position, protected from frosts .. 1/6

VITIS (Ornamental Vine) (Deciduous)

- Alicante Bouchet.**—The foliage turns to beautiful colours in the Autumn .. 1/6 and 2/-
Coignetiae.—Enormous leaves, often 12 inches across; in Autumn it makes a gorgeous colour display of yellow, orange, and crimson. 2/-
Heterophylla (The Turquoise Berry Vine).—Handsome foliage and bunches of china blue berries spotted with black .. 2/-

WISTARIA (Glycine)

- Multijuga.**—D. Purple flowers .. 2/-
Multijuga alba.—D. Pure white flowers .. 2/-
Multijuga rosea.—D. Pale rose pink .. 2/6
Sinensis.—D. Lavender. The old variety .. 2/-
Sinensis flore pleno.—D. Double lavender .. 2/6

Hedge Plants

For fuller descriptions, see Shrub and Tree Section, pages 3-12.

- Berberis Darwinii.**—Makes a neat hedge up to about 4 ft. Plant 2 ft. apart. 15/- dozen.
Berberis Thunbergii atropurpurea.—Makes a beautiful small hedge up to 4 ft. Plant 2 ft. apart. 15/- dozen.
Coprosma lucida.—A very useful hedge plant for growing near the sea coast and in sandy soil. Plant 3 ft. apart. 12/- dozen.
Cupressus macrocarpa.—Better for wind breaks than for hedge purposes, as it often dies out in certain soils when cut back. 9/- dozen; 60/- per 100.
Cupressus Lambertiana horizontalis.—Makes a splendid hedge from 6 to 12 ft. high. Plant 5 ft. apart. 33/- dozen.
Cupressus Lambertiana horizontalis aurea.—Makes a very fine hedge up to 8 ft. in height. Foliage golden. Plant 4 to 5 ft. apart. 36/- dozen.
Cupressus torulosa.—From cuttings, makes a fine hedge up to 8 ft. Plant 2 to 3 ft. apart. 33/- dozen.
Eugenia myrtifolia.—Plant 3 to 4 feet apart. 15/- dozen.
Eugenia Smithii.—Makes a hardy hedge plant up to 6 ft. or more in height. Plant 3 ft. apart. 15/- dozen.
Grevillea rosmarinifolia.—Makes a compact hedge up to 4 ft. or more. Plant 3 ft. apart. Thrives in poor soil. 15/- dozen.
Leptospermum Sandersii.—Plant 3 feet apart. 18/- dozen.
Lonicera nitida.—Box-like small dark green foliage, makes a good hedge from 3 to 4 ft. high. Plant 3 ft. apart. 9/- and 12/- dozen.
Photinia serrulata (Chinese Hawthorn).—Makes a hedge up to 6 ft. or more. Plant 4 ft. apart. 15/- dozen.
Pittosporum crassifolium.—A useful variety for growing near the sea coast. Makes a hedge up to 8 ft. high. Plant 3 ft. apart. 12/- dozen.
Pittosporum eugenoides.—Makes a hedge up to 6 ft. in height. Plant 3 ft. apart. 12/- dozen.
Pittosporum undulatum.—Good for dry conditions. Makes a hedge up to 6 ft. in height. Plant 3 ft. apart. 12/- dozen.
Plumbago capensis.—Light green foliage and pretty blue flowers. Makes a hedge up to 4 ft. high and thrives in the poorest soil. Plant 3 ft. apart. 15/- dozen.
Privet, Californian golden variegated.—This variety must not be confused with the old golden sort known as "Golden City." The Californian variety is beautifully variegated; it makes a hedge up to 5 ft. in height. Plant 2 ft. apart in double rows, or 1 foot apart in single rows. Plants from the open ground from May till September. 3/6 dozen, 25/- per 100. Plants in pots for summer planting, 9d. each, 7/6 dozen.
Privet, Evergreen.—Makes a compact hedge 4 to 5 ft. high. Plant 2 ft. apart in double rows, or 1 foot apart in single rows. 3/6 dozen, 25/- per 100.
Pyracantha crenulata.—Makes a hedge up to 8 ft. high. Plant 3 ft. apart. 15/- dozen.
Viburnum tinus (Laurustinus).—Makes a good hardy hedge up to 6 ft. Plant 3 ft. apart. 15/- dozen.

The pink flowers and metallic foliage of *Prunus Blireiana* are both attractive.

Herbaceous Plants, Tubers, etc.

Those marked with an asterisk (*) are suitable for Rock Gardens.

ACENA—New Zealand Burr.

- **microphylla* (1 in.)—Small bronze foliage and spiny fruit 1/-

ACANTHUS.

- molle* (3 ft.)—Large, shining dark-green leaves; will grow under trees or in other dry situations. Flowers white 1/6

ACHILLEA.

- filipendulina* (2 ft.)—Large, flat heads of golden-yellow flowers 1/-

ACONITUM—The Monk's Hood.

- Aconitums do best when grown in the shade.
Wilsonii (3 ft.)—Delphinium-like porcelain-blue flowers 1/6

AGAPANTHUS—African Lily.

The flowers, which are produced in large umbels, are borne on stalks up to 3 ft. high.

Evergreen Varieties.

- umbellatus albus* (3 ft.)—White 1/-
umbellatus, Blue (3 ft.) 1/-
umbellatus, *flore pleno* (3 ft.)—Double blue. 1/-
umbellatus variegatus (2 ft.)—Variegated leaves; flowers blue 2/-

Deciduous Varieties.

- globosus*—Blue 1/-
intermedius—White, tinged pink 1/-
Mooreanus—Dark blue 1/-
Moorei—Blue 1/-
Welleighri—Deep blue, drooping habit .. 1/-

AGERATUM—Perennial.

- Heavenly Blue* (1½ ft.)—Fluffy, mauve-blue flowers 1/6

AJUGA—Bugle Flower.

- **reptans atropurpurea* (6 in.)—Spreading habit; purple-bronze foliage and blue flowers .. 1/-

ALYSSUM—Gold Dust.

- **saxatile* (6 in.)—Produces a mass of golden yellow flowers in the spring. Plant in open position 1/-
**saxatile compactum* (9 in.)—Produces a mass of golden-yellow flowers in spring 1/-

ALSTROEMERIA—Peruvian Lily.

Plant from April to July. Attractive summer-flowering tuberous-rooted plants. Excellent for cutting.

- aurantiaca* (3 ft.)—Orange, spotted carmine. 6d.
aurea (3 ft.)—Golden-yellow flowers 6d.
hamantha rosea (3 ft.)—Rose-coloured flowers. 2/-

AMARYLLIS—Belladonna Lily—see Seed and Bulb Catalogue.

- amaryllis formosissima*—see *Sprekelia*.
amaryllis purpurea—see *Vallota purpurea*.

ANCHUSA.

- Italica*, Dropmore Variety (5 ft.)—Large, pure gentian-blue spikes of flowers 1/6
**myosotidiflora* (1½ ft.)—Light-blue Forget-me-not-like flowers. Plant in partial shade .. 1/-

ANEMONE japonica—Japanese Windflower.

These are amongst the most beautiful and useful of herbaceous plants; they prefer semi-shade. Height, 2½ ft. to 3 ft.

- Autumn Queen*—Large, semi-double, salmon-pink flowers 1/6
Whirlwind—Semi-double, pure white flowers .. 1/6

ANOMATHECA—see Seed and Bulb Catalogue.

ANTHERICUM—

Ornamental-leaved plants.

- elatum argenteo lineare*—White variegation through centre of leaves 1/-
elatum variegatum—Creamy-white band on edges of leaves 1/-

ARABIS—Rock Cress.

Thrives in a hot, dry position.

- **albida flore pleno* (6 in.)—Double, Stock-like white flowers 1/-
**Snow Cap* (6 in.)—Cushions of snow-white flowers 1/-

ARENARIA—Sandwort.

Moss-like creeping plants, which will quickly clothe the shady side of stones.

- **Balearica* (1 in.)—Vivid green foliage besprinkled with tiny white flowers 1/-
**caespitosa* (*Spergula pilifera*)—Bright green.. 1/-

ARMERIA—The Thrift.

- gigantea Ruby*—Ruby-pink flowers on long stems 1/-
**Isobel Burdett* (9 in.)—Rich pink flowers .. 1/-
**Vindictive* (6 in.)—Rich rosy-crimson flowers .. 1/-
**Vindictive alba* (6 in.)—White flowers 1/-

ARTEMISIA.

- lactiflora* (4 ft.)—Dense plumes of creamy-white flowers 1/-

ARUM LILIES—see Richardia.

ASPERULA—The Woodruff.

- odorata* (9 in.)—Masses of fairy-like, white, sweetly-scented flowers 1/-

ASPHODELINE.

- luteus* (2 ft.)—From the tufts of glaucous foliage rise long stems of bright yellow flowers, which continue over a long period 1/-

ASTER—The Michaelmas Daisy.

One of the most useful of herbaceous plants.

- Blue Eyes* (2½ ft.)—Clear light blue 1/6
Blue Gown (4 ft.)—Colour clear blue 1/6
Blue Jacket (3 ft.)—Deep blue, semi-double .. 1/6
Chas. Wilson (3 ft.)—Clear rosy cerise 1/6
cordifolius (3 ft.)—Masses of small pale lavender flowers are produced on erect stems 1/6
Crimson Beauty (3 ft.)—Rosy-red, brown disc.. 1/6
Empress of Colwall (4 ft.)—Rosy lilac, almost double 1/6
Ethel Ballard (4 ft.)—Soft shell pink 1/6
J. Wells (3 ft.)—Clear bright pink, double .. 1/6
Mammoth (4 ft.)—Lavender Blue, semi-double. 1/6
Mother of Pearl (3½ ft.)—Soft pale mauve .. 1/6
Mount Everest (4 ft.)—Pure white 1/6
Mrs. Geo. Munro (4 ft.)—Pure white, semi-double 1/6
Owen Wells (3½ ft.)—Delicate lavender shade .. 1/6
Queen Mary (4 ft.)—Rich silvery blue 1/6
Silver Spray (4 ft.)—Small silvery-lilac flowers. 1/6
Spire (4 ft.)—A pretty lavender-blue shade .. 1/6
Strawberries and Cream (4 ft.)—Cup-shaped clear pink flowers 1/6
Sunset Glow (4 ft.)—Colour rich pink 1/6
Taplow Spire—Colour bright violet pink .. 1/6
tenuifolius (4 ft.)—Masses of small white flowers are produced on long stems 1/6

Prunus (Plum) *Mume rosea* produces its pretty pink flowers in the winter

ASTILBE (SPIRÆA)—The Meadow Sweet.

Plant in partial shade and in a position that does not get too dry in the summer. Useful for pot culture, the fernery, and cool glasshouse.

- Betsy Cuperus (4 ft.)—Colour pink and white. 1/6
- Bonn (2½ ft.)—Colour rich carmine pink .. 1/6
- Crimson King (2½ ft.)—Colour bright rich red. 1/6
- Fanal (2½ ft.)—Colour, deep crimson red .. 1/6
- filipendula grandiflora (2 ft.)—Creamy white. 1/6
- Market Glory (3 ft.)—Colour, carmine .. 1/6

AUBRIETIA—Wall Cress.

- *deltoidea (6 in.)—Produces masses of lilac-blue flowers over a long season .. 1/-

BAPTISIA.

- australis (3 ft.)—Sea-green foliage and delicate Lupin-like indigo-blue flowers .. 1/-

BEGONIA, Tuberous-rooted—see Seed and Bulb Catalogue.

BELLADONNA LILIES—see Seed and Bulb Catalogue.

BILLBERGIA—Parrot Flower.

- *nutans (1½ ft.)—Can be grown in the open or as a pot plant. The spikes of drooping flowers are very attractive, the colour being red, yellow, blue, and rose .. 1/6

BLEEDING HEART—see Dicentra.

BLETIA—Hardy Terrestrial Orchids.

These hardy bulbous orchids thrive in the open garden, in moist positions.

- hyacinthina (1 ft.)—Bright violet, shaded with white .. 1/6

BOMAREA—Climbing Alstrœmeria.

- multiflora—Produces bunches of tubular flowers; colour, yellow-spotted crimson .. 1/6

CALLA—Arum Lilies—see Richardia.

CAMPANULA—Bellflower.

For best results, plant in a cool, moist position.

- *Carpatica (1 ft.)—Colour, clear lavender blue .. 1/-
- celtidifolia (4 ft.)—Light mauve-blue flowers in large masses .. 1/6
- *Collina (9 in.)—Deep blue bells .. 1/-
- *fragilis (6 in.)—A trailing variety; light blue .. 1/-
- *garganica (4 in.)—Bright blue star-shaped flowers with white centre .. 1/-
- *garganica W. H. Paine (3 in.)—Violet-blue, star-shaped flowers with white centre .. 1/3
- glomerata superba (1 ft.)—Terminal heads of rich violet-blue flowers .. 1/3
- grandis (3 ft.)—Deep blue, well-expanded flowers. Good for cutting .. 1/6
- *isophylla (3 in.)—A valuable trailing variety for hanging-baskets, window-boxes, etc. Colour, deep blue .. 1/6
- *muralis (6 in.)—A trailing variety, producing countless deep blue bells .. 1/-
- persicifolia alba (2 ft.)—Large white bells .. 1/-
- persicifolia grandiflora (2 ft.)—Large blue bells. 1/-
- persicifolia Moerheimii (2 ft.)—Double white flowers .. 1/6
- persicifolia Telham Beauty (3 ft.)—Large china-blue bells .. 1/6
- primulæfolia (4 ft.)—Blue with violet centre .. 1/6
- *pulla (3 in.)—Deep purple drooping bells .. 1/-
- *pusilla Miss Willmott (4 in.)—Masses of light blue bells .. 1/-
- pyramidalis (4 ft.)—Pyramidal heads of bright blue flowers .. 1/6
- *rotundifolia (English Harebell) (9 in.)—Dainty blue bells on thin wiry stems .. 1/-
- rotundifolia Olympica (8 in.)—Dainty deep lavender-coloured bells on wiry stems .. 1/-

CANNA.

Decorative plants of great beauty. They thrive in almost any soil and situation, providing they are well supplied with water in summer.

Price, 1/3 each; 12/- per dozen.

- aurea-coccinea-maculata (5-6 ft.)—Yellow, spotted scarlet.
- City of Portland (3-4 ft.)—Rosy pink, with deeper throat markings.
- Cuba (5-6 ft.)—Golden yellow, faintly spotted red.
- Dr. H. Dohrn (5-6 ft.)—Colour, bright crimson.
- Elizabeth Hoss (3-4 ft.)—Yellow, densely-spotted crimson.
- Eureka (3-4 ft.)—Colour, pale cream.
- Florence Vaughan (5-6 ft.)—Yellow, heavily spotted with scarlet.
- Francis Bertie (2-3 ft.)—Carmine rose, with dark veinings.
- Frau Gartenbaudie (5-6 ft.)—Yellow, throat splashed with red.
- Fred Benary (5-6 ft.)—Orange, bordered yellow.
- Gabriel Viand (5-6 ft.)—Bright orange with golden edge.
- Hungaria (2-3 ft.)—La France pink with satiny sheen.
- Ivor Evans (3-4 ft.)—Cherry red, yellow throat, gold edge.
- J. B. Vander Shoot (3-4 ft.)—Golden yellow, spotted crimson.
- King Humbert (5-6 ft.)—Orange scarlet, streaked with crimson, bronze foliage.
- Lady Lawrence (5-6 ft.)—Bright bronze foliage.
- M. Groebner (4-5 ft.)—Dark crimson, bronze foliage.
- Mrs. Geo. Strogelm (5-6 ft.)—Crimson, bronze foliage.
- Oscar Dannecker (3-4 ft.)—Golden orange, bronze foliage.
- Pink Beauty (2-3 ft.)—Clear pink, suffused with cream.
- President (3-4 ft.)—Pure scarlet.
- Queen Charlotte (2-3 ft.)—Bright red, edged with gold.
- rosea superba (5-6 ft.)—Pale pink, flushed with salmon.
- The Gem (5-6 ft.)—Cream, spotted with pale carmine.
- Triumph (5-6 ft.)—Bright scarlet, bronze foliage.
- Wintzer's Colossal (3-4 ft.)—Bright scarlet bronzy-green foliage.
- William Beary (3-4 ft.)—Bright crimson.
- Wyoming (6-7 ft.)—Rich reddish orange extra large flowers, bronze foliage.
- Yellow King Humbert (5-6 ft.)—Rich yellow, spotted with orange red.

CARNATION—Write for Special List.

CATANANCHE—Cupid's Dart—Everlasting.

- cœrulea (2 ft.)—Thrives in any sunny position. Produces quantities of rich blue flowers .. 1/6

CERASTIUM—Snow in Summer.

- *tomentosum (6 in.)—A soft, silvery-foliaged trailer with small white flowers. Very suitable for trailing over rocks .. 1/-

CERATOSTIGMA.

- *plumbaginoides (6 in.)—Produces masses of cobalt-blue Plumbago-like flowers .. 1/6

CHEIRANTHUS—Alpine Wallflower.

- *Allioni (Siberian Wallflower) (1 ft.)—Single, orange flowers .. 6d.
- Golden Bedder—Deep golden yellow .. 1/-

CHELONE—Turtle Head.

- barbata (4 ft.)—Upright spikes of salmon-pink Pentstemon-like flowers .. 1/6

Crotalaria Laburnifolia (The Bird Flower) is seldom out of flower

CHLIDANTHUS.

fragrans—see Seed and Bulb Catalogue.

CHRYSANTHEMUM, Japanese—Write for special list.

CHRYSANTHEMUM, *leucanthemum*—Shasta Daisy.

Improved Large-Flowered (2 ft.)—The large pure white flowers are produced on long stems. 1/-

CISTUS—The Rock Rose.

**algarvensis* (18 in.)—A spreading plant, covered in spring with bright yellow blooms with a deep chocolate eye 1/6
For other varieties of Rock Roses, see *Helianthemum*.

CLEMATIS—Shrubby.

Davidiana (2½ ft.)—Produces spikes of pale blue Hyacinth-like sweetly-scented flowers. One of our best herbaceous plants 2/6

CLIVIA, syn. *Imantophyllum*.

nobilis (2 ft.)—Both foliage and flowers somewhat resemble *Amaryllis*. Colour, yellow and red 2/6

COLCHICUM—see Seed and Bulb Catalogue.

CONVALLARIA—The Lily of the Valley.

Few plants are more prized for combined fragrance and beauty. Its spikes of drooping white bells are everywhere admired.

majalis alba (Lily of the Valley)—This well-known variety needs no description. 3d. each; 12 for 2/-; 25 for 3/6; 100 for 12/6.

CONVOLVULUS.

**mauritanicus* (9 in.)—A charming trailer for sunny situations, producing masses of pale blue flowers 1/6

COTONEASTER.

**horizontalis variegata* (1½ ft.)—A lovely shrub for the rock garden. Its prettily variegated foliage is very attractive. In the autumn the silver and green leaves become suffused with shades of red 2/6

CRINUM—Cape Lily.

Herbaceous bulbs, similar to the *Amaryllis* in growth. The large Lily-like flowers are sweetly scented.

alba—Pure white 1/6
Krelagei—Large, deep pink flowers 1/6
Mrs. H. J. Elwes—A beautiful deep pink 1/6

CROCUS—see Seed and Bulb Catalogue.

DAFFODILS—see Seed and Bulb Catalogue.

DAHLIAS—see Dahlia Catalogue, post free.

DELPHINIUM (Perennial Larkspur) CROWNS.

To get the best results, the soil should be enriched by adding a liberal supply of manure. Either fork it in or dig a hole for each crown, or plant, placing at the bottom of each a quantity of manure, over the top of which place a few inches of soil, on which place the roots of the crown or plant. Delphiniums are lime-loving, so frequent dressings will not only be of benefit to the plant, but will keep in check snails and slugs, which are exceedingly partial to the tender young shoots. When exhibition spikes are desired, the laterals should be removed. See that the spikes are carefully staked, as they are very easily snapped off by the wind.

DELPHINIUM—continued.

Grendon Giants—This is an exceptionally fine strain, producing wonderful spikes of bloom in a large range of colours. 1/6 each; 15/- doz.

Excelsior Strain—Although this strain does not produce such large spikes as our Grendon Giants, the crowns we offer will make good spikes in a great variety of colours .. 6d. each; 5/- doz.

Bellamosum—Flowers a rich dark blue shade. 6d. each; 5/- doz.

Cliveden Beauty—A glorious shade of pale blue. 6d. each; 5/- doz.

DIANTHUS—Alpine Pinks.

**alpestris* (6 in.)—Soft pink fringed flowers .. 1/-

**arvensis* (6 in.)—Bright pink flowers .. 1/-

**deltoides* (6 in.)—Bright pink; of prostrate growth 1/-

**graniticus* (3 in.)—Bright crimson; of spreading habit 1/-

**squarrosus* (6 in.)—Fringed, white flowers .. 1/-

DIERAMA (*Sparaxis pulcherrima*)—see Seed and Bulb Catalogue.

DICENTRA—*Dielytra*.

**eximia* (syn. *formosa*) (1 ft.)—Pendent racemes of bright rose heart-shaped flowers and fern-like foliage 1/6

spectabilis (Bleeding Heart)—The lovely bright rose-coloured flowers are produced on slender stems 1/6 and 2/-

DIMORPHOTHECA.

eklonis (2 ft.)—Marguerite-like white flowers, with blue disc 1/6

DORONICUM.

plantagineum excelsum (2 ft.)—The bright golden-yellow Marguerite-like flowers are produced on long stems; good for cutting .. 1/3

ECHEVERIA.

Succulent plants that will thrive in dry, hot positions. Imbricata is the variety mostly used for edging where only the hardiest plants will grow.

**imbricata* (4 in.)—Green rosettes of fleshy leaves 3/6 doz. 6d.

**rosea picta* (6 in.)—Large green rosettes, shaded pink 1/-

ECHINOPS—Globe Thistle.

humilis (3 ft.)—Ornamental spiny-leaved with heads of bright rich blue globular flowers; good for cutting 1/6

EPILOBIUM.

**nummularifolium*—A fast-growing trailer with green-bronze foliage and minute white flowers. Recommended for crazy paving 1/3

EPIMEDIUM.

**macranthum violaceum* (1 ft.)—White, suffused violet 1/3

ERIGERON—The Star Wort.

Of very easy cultivation, and produce their perennial Aster-like flowers in great abundance.

Azure Beauty (1½ ft.)—The pretty azure-blue flowers are good for cutting 1/-

Quakeress (1½ ft.)—Soft lilac flowers are produced almost perpetually 1/-

ERYNGIUM—The Sea Holly.

Violetta (2 ft.)—An attractive plant with spiny, thistle-like violet-blue flowers which, when cut, retain their colour for months 1/6

EUCOMIS—Pineapple Flower.

bicolor (18 in.)—A waxy-yellow flower that has the appearance of a small pineapple. Sweet scented 1/6

FREESIA—see Seed and Bulb Catalogue.

FUCHSIA.

***procumbens**—A trailing variety with small, round leaves and bronzy-yellow flowers, followed by berries which turn red in the winter. 1/6

FUNKIA—Hosta.

argentea variegata (1 ft.)—Handsomeness silver and green variegated foliage and lilac flowers .. 1/6

Fortunei (1½ ft.)—Handsomeness pale green foliage and pretty spikes of lilac flowers .. 1/-

GAILLARDIA.

Mrs. T. Marriott (2 ft.)—The large flowers are gold and crimson. A valuable winter-flowering variety. One of our best autumn-winter cutting flowers 1/-

GENTIANA—The Gentian.

Requires a moist, cool, shaded position.

acaulis (4 in.)—Large, almost stemless trumpets of the richest blue imaginable 1/6

GERANIUM—Crane's Bill.

These Alpine Geraniums are of easy culture. They are all semi-trailers.

***Russell Pritchard** (6 in.)—Deep rose-coloured flowers 1/-

***sanguineum** (6 in.)—Rich purplish-crimson flowers 1/-

GERBERA—The Barberton Daisy.

hybridum—The fine-petalled Marguerite-like flowers are produced on long stems. The colours range through shades of red, orange, orange red, yellow, white, rose, terra-cotta, etc. 9d. and 1/- each, 7/6 and 10/- doz., according to size.

GEUM.

Showy border plants producing brilliantly-coloured flowers on long stems.

Mrs. Bradshaw (1 ft.)—Brilliant crimson scarlet. 6d.

Lady Stratheden (1 ft.)—Clear yellow flowers .. 6d.

GLADIOLI—Write for Special List.

GYPSOPHILA.

They thrive in any sunny, well-drained position and are lime lovers. The tiny flowers are produced in large spreading panicles. Excellent for cutting.

Bristol Fairy (3 ft.)—Very large panicles of double white flowers. Superior to all other double varieties 2/-

Lavender Lady (1½ ft.)—The colour of this new double perennial variety is white, shaded lavender 2/-

paniculata (3 ft.)—Masses of single white flowers. 1/-

***repens rosea**—A trailing variety with attractive pale pink flowers 1/-

HEERIA.

***elegans rosea** (2 in.)—Small Lasiandra-like pink flowers. The plants are of trailing habit. Frost tender 1/-

HEDYCHIUM—Indian Garland Flower.

Gardnerianum (4 ft.)—Canna-like foliage, and large heads of Orchid-like golden-yellow flowers, which are deliciously scented 1/6

HELIANTHEMUM—The Sun Rose—Rock Rose.

Dwarf, free-flowering trailing plants. They thrive in dry, sunny situations.

***Attraction** (1 ft.)—Rich orange with dark centre. 1/3

***Rose Queen** (1 ft.)—Soft clear pink 1/3

***venustum plenum** (1 ft.)—Double rich crimson. 1/3

HELENIUM.

These useful perennials produce large heads of flowers during summer and autumn.

Morheim Beauty (3 ft.)—Crimson, stained orange 1/6

HELIANTHUS—Perennial Sunflower.

angustifolius (3 ft.)—The small rich golden-yellow flowers, which have a dark centre, are very freely produced on long, thin stems .. 1/6

Daniel Dewar (3 ft.)—The deep yellow flowers, produced on long stems, are a nice size for cutting 1/6

HELLEBORUS—Christmas Rose.

Hardy perennials with rose-like single flowers, produced freely from May till September. They prefer a shaded position. The flowers, when cut, last for 3 to 4 weeks, provided the ends are split.

Mixed Colours only. 9/- and 15/- doz.; 1/- and 1/6 each.

HEMEROCALLIS—Day Lilies.

These hardy border plants have large Lily-like flowers.

aurantiaca major (2 ft.)—Rich orange, almost continuously in flower 1/-

HEUCHERA.

Useful plants for the front of borders. The fairy-like sprays of flowers are good for cutting. They do best in a cool situation. Height, 12 to 18 inches.

Argus—Light red flowers 1/-

Glow—Deep glowing red 1/-

Hazel—Light rose pink 1/-

Pink Supreme—Coral-pink flowers on extra long stems 1/-

sanguinea splendens (1½ ft.)—Graceful spikes of crimson flowers 1/-

Sarsley Pink—Deep rose-pink flowers on dark stems 1/-

HOLCUS.

***bulbosa variegata** (9 in.)—A bulbous-rooted green-and-white variegated grass 1/-

HYACINTHS—see Seed and Bulb Catalogue.

HYACINTHUS Candicans—see Seed and Bulb Catalogue.

HYPERICUM.

***fragilis** (6 in.)—Of trailing habit; yellow flowers. 1/-

***Moserianum tricolor** (2 ft.)—The foliage is prettily variegated green, cream, and pink; yellow flowers 1/6

IRISES.

Benacensis—Clear deep blue; distinct 9d.

Forresti—Dainty yellow flowers 1/-

Hyacinthina—Soft blue sweetly-scented flowers 1/-

Japonica (Fimbriata).—Pale lilac; edges of petals waved 1/-

Sibirica—Grassy foliage, gentian-blue flowers 1/-

Stylosa alba—Pure white flowers 9d.

Stylosa speciosa—Colour, blue; winter-flowering. 3d. each; 2/6 doz.

Tectorum (Japanese Roof Iris).—Rich blue flowers, white comb. 1/-

Stylosa Irises are specially recommended for decoration purposes. They flower in the winter, when flowers are scarce. Pick when the buds are just opening, and they will last for several days in water.

BEARDED FLAG IRISES.

Plant from the end of December till October.

This class of Irises are sun-lovers. Plant firmly in well-drained soil with tops of the rhizomes an inch below the surface. It is advisable to leave clumps undisturbed for three years, when they may be lifted, divided, and placed in new positions. The best time to do this is as soon as the variety has finished flowering. A little lime given during the winter is beneficial. Do not use fresh animal manure, and do not mulch at any time. If the ground is poor, use G. & S. "Plant-Vita" Garden Fertiliser. They require only a little moisture to keep them growing during dry weather. To those unfamiliar with Iris terms, the following may be helpful: S refers to the standard or upper petals; F, to the falls or lower petals. A self colour is one that is of the same colour throughout.

- Al Lu Wee.**—Tall, large variety of unique form. S, golden yellow; F, Bordeaux red. New .. 5/-
- Alta California.**—Clear yellow, faintly bronzed, superbly branched. Large, tall .. 2/-
- Anne Marie Cayeux.**—Even suffusion of pink, blue, and heliotrope. Silky texture, heavy substance. Tall .. 2/-
- Baldwin.**—Manganese violet, toned heliotrope. Very large .. 1/6
- Ballerine.**—Enormous. S, light blue violet; F, broad and deeper in colour. Indispensable .. 1/6
- Bernadino.**—Enormous, tall, lavender and rosy-purple bicolor. Beautiful form. New .. 2/6
- Blue and Gold.**—Bright rich blue self with an amazingly brilliant golden beard. Large and tall. New .. 2/-
- Blue Velvet.**—A rich dark blue of unsurpassed velvety appearance .. 2/-
- Bronze Beacon.**—Falls of velvety indian lake with glowing golden-bronze standards. Very tall and large. Late bloomer. New .. 3/-
- Buechley's Giant.**—Colossal blooms on tall stems. The colour is a beautiful clean blue lavender of perfect form and good substance. New .. 10/-
- Buto.**—Gorgeous large deep blue purple self of velvety finish .. 1/6
- Cartax.**—Intense red auricula purple self. F, wonderfully rich and velvety. Large and tall .. 3/-
- Cassandre.**—Very large blooms. S, rose violet; F, deep velvety purple garnet. Beautiful form .. 1/6
- Chevron.**—Pure white ground with very distinct blanket stitching of blue on edges of both standards and falls. Very tall and huge. Beautiful. New .. 10/-
- Cooley's Surprise.**—Tall, blue, flushed heliotrope. Large and free flowering .. 1/6
- Dauntless.**—A Medal Winner. A glorious rich glowing red self. Magnificent large blooms. Tall .. 2/6
- Député Nomblot.**—A Medal Winner. S, coppery bronze, suffused lilac; F, claret crimson. A beautiful variety. Huge blooms .. 3/6
- Dolly Madison.**—Rosy lilac and lavender blue set off with a deep golden beard. One of the best. Large .. 1/6
- Don Juan.**—Enormous blooms. S, pink effect; F, bright reddish purple. Strong grower. Fine .. 2/-
- Dog Rose (New).**—Silver Medal Winner. Beautiful shade of deep pink enhanced by fine yellow beard. Tall, large .. 2/6
- Easter Morn.**—Pure sparkling white with delightful glowing deep yellow beard. Huge blooms. Tall. Lovely. New .. 3/-
- El Capitan.**—Huge, tall, light violet blue. Majestic form, well branched .. 1/6
- Elegante.**—Silvery lavender flushed yellow at edges. An Iris of poise and elegance .. 1/6
- Evolution.**—Unusual colouring. S, coppery blue; F, same colour, marked rosy blue .. 2/-
- Frieda Mohr.**—One of the finest Iris introductions. An exquisite pink bicolor. Very large blooms. Tall and handsome .. 2/-
- Frenchville.**—A giant. S, fawn; F, purplish red. Tall, and a strong grower .. 1/6
- Genevieve Serouge.**—Tall and stately. S, tawny yellow, flushed pale blue; F, soft lilac, suffused flax blue. Huge blooms of majestic proportions. New .. 2/6
- Germaine Perthuis.**—Famous French variety. Enormous rich violet purple self. Orange beard .. 1/6
- Gold Top.**—Tall and well branched. Floriferous. S, rich old gold; F, red violet, edged old gold. Lovely .. 2/-
- Grace Sturtevant.**—The brown Iris. Makes a conspicuous garden plant. S, dark rich brown; F, velvety dark brown .. 2/-
- Helios.**—Huge yellow. Falls lightly pencilled soft violet. Great substance .. 2/6
- Honeydrop.**—A splendid blend of unusual colouring. The flowers are large and well formed of blended honey, yellow, henna, and cream, giving a russet effect. Tall. New .. 5/-
- Indian Chief.**—A very beautiful variety. S, pinkish red; F, deep, rich velvety red. Outstanding. Tall and large .. 1/6
- Joycette.**—One of the best of the newer reds. The blooms are large. A self tone of bright clear red with no blue undertones. Very tall and lovely. New .. 12/6
- King Midas.**—Standards golden buff, flushed brown. Falls velvety brown flushed and edged buff. The distinct orange beard contrasts well with the blended colours. A colour combination of great charm and beauty. New .. 3/6
- King Tut.**—Fine garden plant. S, brown, with strong reddish suffusion; F, velvety glowing red .. 2/-
- Le Corregge.**—S, olive yellow; F, rich red. Splendid .. 2/-
- Los Angeles.**—Giant white, standards faintly edged pale blue. Strong grower, well branched. Very large blooms. Very outstanding .. 2/-

BEARDED FLAG IRIS—continued.

- Magenta.**—Absolutely unique in colour. Bright amethyst in effect, and very popular .. 1/6
- Marechal Ney.**—Rich red velvety brown purple. Large blooms. Gorgeous variety .. 2/6
- Mary Elizabeth.**—A brilliant rosy-red self, standards and falls of the same shade, but the heavy velvety quality of the falls gives it the appearance of a bicolor. The beard is of pure golden colour. Very tall and large. New .. 3/6
- Mauna Loa.**—Tall upstanding bicolor of reddish cast. Very early. Huge blooms. Well branched .. 1/6
- Melchior.**—Bronzy claret-red self. Very large, velvety, and tall .. 1/6
- Midgard.**—Colour is exquisite, being yellow flushed rose pink .. 1/6
- Ministre Fernand, David.**—Massive flower of superb form. S, silky red purple; F, velvety glowing dark red purple. Very beautiful .. 2/-
- Mirasol.**—Yellow self, unmarred by veining. Large blooms on well-branched stems .. 2/-
- Mothril.**—A huge velvety blue purple self. Very tall and exceptionally strong grower. New .. 2/6
- Mrs. Valerie West.**—Superlative in every way. Broad massive bronze standards and falls of deep velvety maroon purple. Gorgeous .. 2/6
- Nicanor.**—One of the largest. Rich amaranth red self of majestic proportions. Tall and very floriferous. New .. 3/6
- Pacific.**—Clear, deep blue self. Large and very desirable .. 2/-
- Padre.**—Tall, well branched, and vigorous. Dominating colour is the rosy purple falls flushed bright blue .. 1/6
- Persia.**—Beautiful blend. S, smoky blue; F, rich purple-blue in centre, shaded lighter at edges. Tall, large, and very unique. New .. 3/-
- Phedre.**—Large spreading flower. S, lavender, suffused lilac; F, amaranth rose. Tall .. 2/-

- W. R. Dykes.**—A famous variety with huge yellow blooms. Long broad falls, sometimes flecked with purple. Strong grower .. 2/-
- Yolande.**—Most attractive large-flowered variety, in tones of dark blue. .. 1/6

Bearded Flag Irises, Mixed, in a good variety of colours. 5/- per dozen.

IRIS KÄMPFERI (Giant Japanese Iris).

Plant from May to July.

These gorgeous Irises can be grown successfully in the garden or around edges of ponds. For best results they should have a plentiful supply of water during dry weather.

The colours range from white through shades of blue, violet, and purple and many other colours, some being beautifully veined, others spotted or blotched. Price, 1/3 each; 12/- doz.

IXIAS—see Seed and Bulb Catalogue

KALANCHOE—Succulent Plant.

globulifera, var. **coccinea** (1 ft.)—In form the flower is similar to the Bouvardia, but the colour is a very bright scarlet. The blooms last in full beauty for about eight weeks. Makes a good pot plant 1/6

KNIPHOFIA—Torch Lily.

The brilliantly-coloured flowers, which are produced on very long stems, are excellent for cutting.

Tall Varieties, 4 ft. to 6 ft.

aurea—Good yellow 1/6
ensifolia—Rich golden yellow, flowering early in winter 2/-
Fireball—Yellow, passing to red 1/6
grandiflora—Large scarlet 1/6
Saundersii—Glowing scarlet 1/6

Dwarf Varieties, 2 ft. to 3 ft.

F. Crommelin—Bright tango, shaded salmon .. 1/6
Goldelse—Golden yellow 1/6
Little Treasure—Bright orange, shaded salmon. 1/6
Orange Light—Colour, orange scarlet 1/6
Royal Standard—Orange-scarlet, shading to citron 1/6

LACHENALIAS—see Seed and Bulb Catalogue.

LIATRIS—The Blazing Star.

spicata (3 ft.)—Erect stems of rich mauve flowers 1/3

LILIUMS—see Seed and Bulb Catalogue.

LILY OF THE VALLEY—see Convallaria.

LINDELOFIA.

***longifolia** (10 in.)—Little bunches of blue flowers, resembling *Cynoglossum* 1/-

LITHOSPERMUM.

***prostratum** (6 in.)—Forms a dense mass, covered with rich Gentian-blue flowers 1/-

LIPPIA.

***nodiflora** (2 in.)—A very dwarf creeping plant, producing minute spikes of pink, Verbena-like flowers. Requires a warm, dry spot 1/-

LOTUS.

peiorhynchus—A good trailing plant for growing in hanging-baskets, urns, etc. Red, pea-shaped flowers and silvery-green, fine foliage .. 1/6

LUPIN—Perennial Varieties.

Russell's Improved (New) (3 ft.)—Giant spikes of flowers in a magnificent range of colours. Strong plants which, if planted from May to August, will flower the following summer and autumn 5/- doz.; 6d. each
No crowns will be available till the winter of 1940.

LYCHNIS.

chalcedonica (3 ft.)—Single, brilliant scarlet, showy flowers 1/-

***viscaria splendens flore pleno** (1 ft.)—Produces panicles of bright rosy-crimson flowers. One of our best perennial border plants 1/-

MARICA.

cœrulea (1½ ft.)—Iris-like flowers, which are a glorious shade of blue 1/6

MARGYRICARPUS—Pearl Berry.

***setosus** (1 ft.)—An evergreen trailer which produces white berries the size of peas 1/-

MENTHA—Mint.

***Requienii** (1 in.)—Forms a green carpet, has tiny white flowers 1/-

MESEMBRYANTHEMUM.

Trailing plants of great value for growing in hot, dry positions.

***Of Sorts**—Various colours 9d.

MONARDO—The Bergamot.

Cambridge Scarlet (2½ ft.)—Showy, crimson-scarlet flowers 1/-

purpurea (2½ ft.)—Purple flowers 1/-

MONTBRETIA—see Seed and Bulb Catalogue.

MORPHIXIA—see Seed and Bulb Catalogue.

NERINE and LYCORIS—see Seed and Bulb Catalogue.

NEPETA—Catmint.

Mussini (12 in.)—Produces a profusion of lavender-blue flowers 4d. ea.; 3/6 doz.

NYPHÆA (Water Lily)

White, 2/6; coloured varieties, 3/6 and 5/-.

OPHIPOGON.

Juburan variegatum (1 ft.)—The flowers, which are light blue in colour, closely resemble the Grape Hyacinth. The foliage, which is prettily variegated, is very attractive. Makes a nice pot plant for verandah or bush house 2/-

ORNITHOGALUM—see Seed and Bulb Catalogue.

PÆONIA—Herbaceous Pæony.

They do best when planted in soil in which an abundance of well-decayed manure has been added. Plant in partial shade, and give them a plentiful supply of water in the summer.

- **prostratus* (6 in.)—Of spreading habit, this is a very valuable plant for rock gardens and for sunny banks .. 1/-

RUDBECKIA—The Cone Flower.

Tall-growing hardy perennials, producing an abundance of flowers which are invaluable for cutting.

- Golden Glow (6 ft.)—Deep golden-yellow double flowers .. 1/6
- purpurea (echinacea)—Deep ruby long-petalled flowers, with a cone-shaped centre .. 1/6

SALVIA—Perennial Varieties.

- azurea (4 ft.)—Clear sky-blue flowers .. 1/6
- Bethellii (4 ft.)—Bright rose pink, tipped with white .. 1/6
- leucantha (barbata) (4 ft.)—Rich purple-coloured flowers in winter .. 1/6
- patens (2 ft.)—The flowers are a lovely shade of blue. Plant in semi-shade .. 1/6
- patens Mauve Queen (2 ft.)—The colour of this new variety is helio-mauve .. 1/6
- pratensis Tenorii (3 ft.)—Spikes of rich purple flowers .. 1/6
- pratensis rosea (1½ ft.)—Long spikes of rose-coloured flowers .. 1/6

SANDERSONIA—see Seed and Bulb Catalogue.

SAXIFRAGA—Rockfoil.

Their proper place is in the rock garden. They can be grown in partial shade or fully exposed to the sun.

- aizoon** (6 in.)—Compact silvery leaves and pretty white flowers 1/6
- cordifolia** (*Megasea*) (12 in.)—Glossy leaves and large heads of pink flowers in winter 1/6
- cotyledon**—Large green rosettes and arching plume-like white flowers 1/6
- geum**—Pretty hairy leaves and pink flowers 1/6
- Hostii**—White flowers and very flat leaves 1/6
- primuloides** (6 in.)—Dainty spikes of pink flowers 1/6
- primuloides Elliot's Variety** (6 in.)—A deep-pink variety 1/6
- umbrosa** (*London Pride*) (9 in.)—Pretty spikes of pink flowers 1/3

SCABIOSA—Perennial Scabious.

- caucasica** (1½ ft.)—The large blue, slightly-fringed flowers are produced on long stems. Excellent for cutting 1/6
- columbaria** (1½ ft.)—A very free-flowering variety; the mauve-blue flowers are produced on long stems. As a cut flower it has few equals. 1/-

SCHIZOSTYLIS—The Kaffir Lily—see Seed and Bulb Catalogue.

SCILLA—see Seed and Bulb Catalogue.

SEDUM—Stonecrop.

Sun-loving plants of a prostrate habit of growth.

- ***Acre** (2 in.)—Green foliage, shaded yellow; flowers golden 1/-
- ***densifolium** (3 in.)—Bluish foliage and white flowers 1/-
- ***glaucum** (3 in.)—Pale glaucous-green foliage, flowers pink 1/-
- ***kamtschaticum** (6 in.)—Dark green foliage; flowers yellow 1/-
- ***Sieboldii**—Of trailing habit; flowers pink 1/-
- ***Sieboldii variegata**—A variegated variety of the preceding 1/6
- ***spurium roseum** (3 in.)—Forms a mat of glossy foliage; flowers pinkish white 1/-
- ***spectabile Brilliant** (18 in.)—Large flat heads of ruby-red flowers 1/-

SEMPERVIVUM—Houseleek.

- ***arachnoideum** (*Cobweb Houseleek*) (4 in.)—Rosettes of foliage, threaded with a white cobweb-like down 1/6

SHASTA DAISY—see Chrysanthemum leucanthemum.

SILENE—The Catchfly.

- ***Schafta** (6 in.)—A creeping plant with bright rose-coloured flowers 1/-

SNOWFLAKE—see Seed and Bulb Catalogue.

SOLIDAGO—Golden Rod.

Hardy perennials which produce dense heads of golden-yellow flowers.

- flexuosa** (4-5 ft.)—Golden-yellow feathery heads of flowers 1/-
- Golden Wings** (4-5 ft.)—Arched sprays of golden-yellow flowers 1/-
- Shortii** (6 ft.)—Extra large plumes of yellow flowers 1/-

SOLOMON'S SEAL—see Polygonatum.

SPARAXIS—see Seed and Bulb Catalogue.

SPERGULA—see Arenaria cæspitosa.

SPREKELIA—Jacobean Lily.

- formosissima**—A variety of *Amaryllis*. Large flowers of an intense vermilion-scarlet colour, much resembling huge orchids 1/6

STATICE—The Sea Lavender.

These perennial everlasting flowers are excellent for cutting.

Dicksonii—see Shrub and Tree Section.

- latifolia** (2 ft.)—Large panicles of tiny lavender-blue flowers 1/6

STERNBERGIA—see Seed and Bulb Catalogue.

STOKESIA—The Cornflower Aster.

- ***cyanea** (1½ ft.)—Blue Aster-like flowers are produced on 12-inch stems 1/6

THALICTRUM—The Meadow Rue.

- diptercarpum** (3-4 ft.)—Tall spikes of dainty mauve-coloured flowers 1/-

THUNBERGIA—Shrubby Variety.

- natalense** (3 ft.)—The flowers are a beautiful shade of blue 1/6

THYMUS—The Thyme.

- ***herba-barona** (6 in.)—The Caraway-scented Thyme; flowers lilac 1/-
- ***nitidus** (6 in.)—Produces a mass of rosy-lilac flowers 1/-
- ***serpyllum** (3 in.)—The creeping rosy-purple Thyme of English downs 1/-
- ***serpyllum lanuginosa** (3 in.)—A good carpeter for edging and rockery; downy foliage 1/-

TIARELLA—The Foam Flower.

- ***cordifolia** (8 in.)—Produces clouds of dainty white flowers on light graceful stems 1/3

TIGRIDIA—see Seed and Bulb Catalogue.

TROLLIUS—The Globe Flower.

Globular, Buttercup-like flowers. They do best in well-enriched soil in a moist position.
